## GENERAL EDUCATION CERTIFICATION FOR CALIFORNIA STATE UNIVERSITIES 2021-2022

This plan will satisfy lower-division G.E. for the CSU system. You must petition Admissions and Records to have certification placed on your transcript. "Ef" indicates first term that course can be used on this plan. \*For UC and CSU transfer credit, these courses are considered "same as" and credit is limited to one course.

**WARNING!** Consult a Los Angeles Valley College counselor before taking courses outside Los Angeles Valley College to be used on this CSU general education plan, particularly if taking courses elsewhere in the LA College District. Every community college may apply its courses differently on general education, even if the course has the same course number and title. Every effort has been made to ensure that this information is accurate; however, students should consult an LAVC counselor periodically to determine whether there have been any changes or corrections.

\*Courses may appear in more than one area but will only be used in one area with the exception of science courses that satisfy both a lecture and a lab. A grade of C- or better is required for certification in Areas A1, A2, A3 and B4.
