1	I loved all the hands on experience from the courses	1/2/2019 1:30 PM
2	Understanding what Architecture really is and hands on experience .	12/8/2018 2:36 PM
3	Auto cad class	12/7/2018 6:43 PM
4	I loved learning about building houses, and also how to draw them in AutoCAD	12/7/2018 6:34 PM
5	My professors	12/7/2018 6:18 PM
6	The teachers were well educated and well versed in the related field.	12/3/2018 11:33 AM
7	professor ridosh knows his shit and is a great teacher	12/3/2018 2:43 AM
8	auto cad	11/20/2018 7:39 PM
9	Projects and easy grades	11/20/2018 2:06 AM
10	The hands on training	11/19/2018 2:24 PM
11	We I liked most is how, we where able to learn new things and how manufacturing is worked as	11/18/2018 9:17 PM
12	The fact that they are offered at night time.	11/16/2018 1:23 PM
13	Everything	11/16/2018 10:27 AM
14	The course curriculum really helped me benefit skills about the field. It was not a general overview, I actually was able to learn what Autocad is, and how to proficiently use it.	11/15/2018 11:01 PM
15	The Instruction is good but the software is old.	11/15/2018 6:19 PM
16	I would like for there to be more Architecture classes, and have the students do architecture models.	11/15/2018 4:41 PM
17	My Professor, ███ ██████ is the best teacher ive ever had. He encouraged me to work at my own pace and go above and beyond the base requirements and get as much as i could from the class.	11/15/2018 4:19 PM

Q7 Please state any information that you would like us to know about the (Architecture/Manufacturing) program at LAVC:

Answered: 15   Skipped: 5

#	RESPONSES	DATE
1	Sometimes there is hardly any support from the teacher because there are too many of us. The classes I took with Teacher Assistants or experienced students were the most helpful	1/2/2019 1:30 PM
2	Hire another set of Architect teachers. Bring more architect resources to LAVC	12/8/2018 2:36 PM

3	I took the class because, as a realtor, I am interested in the construction of houses, and how they are built. I'd like to learn more about that. Not sure if there is a class like that.	12/7/2018 6:34 PM
4	Best professors - super helpful and knowledge need more teachers like them	12/7/2018 6:18 PM
5	There are not enough classes offered. The program needs to expand and teach more up to date programs that are used today. The classes need to be offered separately so students can take more than one class at a time. I would sign up for three classes next semester but they are all taught by the same teacher, ███████ at the same time so I can only enroll in one. I even asked him if I could get signed off by him and the department to take at least two but he said that was not possible.	12/3/2018 11:33 AM
6	great we need more classes like this instead of giving liberal snowflakes 100 dancing and knitting classes.	12/3/2018 2:43 AM
7	courses needed to transfer to another school for a BA in Architecture	11/20/2018 7:39 PM
8	Needs to pay ████ more at the shop	11/20/2018 2:06 AM
9	Keep these classes available please	11/19/2018 2:24 PM
10	It's good	11/18/2018 9:17 PM
11	I would like to have an opportunity to develop a project of our own interest instead of the teacher's interest, especially in architectural drawing.	11/16/2018 1:23 PM
12	It is a great program available, and it would just be great if classes didn't have the same time and days. That way, I wouldn't have to pick one over another for the entire semester. Instead, I could be taking both classes before one another or on a different day from the other one.	11/15/2018 11:01 PM
13	The software is old (2016) and the industry standard (Revit) is not taught.	11/15/2018 6:19 PM
14	I think it is a wonderful program, however there should be more Architecture classes how Pierce College does it.	11/15/2018 4:41 PM
15	Not enough blueprint classes or machine shop classes offered in the mornings.	11/15/2018 4:19 PM
