#	RESPONSES	DATE
1	My advise to the school is to select hospital that is willing to hired ADN student because most hospitals now are requiring BSN. AS a ADN student is becoming difficult to be hired by most hospital.	12/25/2018 10:17 PM
2	The program is very challenging some professors did well teaching the material to a point where it was easily remembered. Use of mnemonics has helped me a lot to pass the NCLEX. Emphasis on some major medications on specific diseases is a must such antipsychotic meds, insulin administration, OB meds. I feel that delegating tasks needs to be introduced earlier from first semester to end, that way students can keep on practicing on it, not only to prepare them for NCLEX but also when they are doing the real practice.	12/11/2018 4:31 AM
3	Please don't make Kaplan mandatory. I used UWorld and passed in 75 questions. Students should be able to choose which programs works best with their learning style.	12/4/2018 2:05 PM
4	Textbooks were horrible. Uworld helped to prepare for NCLEX. Unnecessary paperwork that is not anywhere. Doctors should be instructors to current standards.	12/4/2018 1:50 PM
