

Leave Benefits Available to LACCD Employees from January 1, 2021 through September 30, 2021

The Families First Coronavirus Response Act (FFCRA) provides eligible employees with paid sick leave under the Emergency Paid Sick Leave Act (EPSLA) and expanded family and medical leave under the Emergency Family and Medical Leave Expansion Act (EFMLEA) for specified reasons related to COVID-19. These provisions apply to leaves taken between January 1, 2021 and September 30, 2021. The District will advise accordingly if there are regulatory changes affecting extension of the time.

Paid sick leave and expanded family and medical leave are employer-paid leaves. Effective April 1, 2021, as part of the Biden stimulus package, the clock will "restart" on the District paid benefits for EPSL and EFMLA. Any employee who received District paid benefits from July 2020 to March 2021 may again qualify for District paid leave time from April 1, 2021 through September 30, 2021.¹

Employees who are unable to work due to the need to care for their child(ren) because of school closures or unavailability of childcare may be eligible for both paid sick leave and expanded family and medical leave. The first ten (10) days of expanded family and medical leave is unpaid, but eligible employees have the option to apply paid sick leave during the first ten (10) days of expanded family and medical leave. No documentation is required to be submitted with the request forms.

Paid Sick Leave

- Paid sick leave is provided to eligible full-time employees for up to 10 days (faculty) or 80 hours (all other employees) and to eligible part-time employees up to the number of hours they work on average over a two-week period.
- There is no minimum service requirement for paid sick leave.
- An employee can apply paid sick leave for more than one qualifying reason, but the benefit is limited to 10 days or 80 hours for all qualified reasons combined.

Qualifying Reasons for Paid Sick Leave

Paid sick leave is available to eligible employees if the employee is unable to work or telework because:

- (1) the employee is subject to the California Stay-at-Home Order due to an underlying medical condition or due to being age 65 or older.
- (2) the employee has been advised by a health care provider to self-quarantine due to concerns related to COVID-19.
- (3) the employee is experiencing symptoms of COVID-19 and seeking a medical diagnosis.
- (4) the employee is caring for an "individual," who is subject to the California Stay-at- Home Order or has been advised by a health care provider to self-quarantine due to concerns related to COVID-19.

¹ FMLA at the District is based on a calendar year and runs concurrently with other leave types including EFMLA. A detailed explanation is on page 3.

“Individual” means an employee’s immediate family member, a person who regularly resides in the employee’s home, or a similar person with whom the employee has a relationship that creates an expectation that the employee would care for the person if he or she were quarantined or self-quarantined.

- (5) the employee is caring for a son or daughter of such employee if the school or place of care of the son or daughter has been closed, or the child care provider of such son or daughter is unavailable, due to COVID-19 precautions.

“Son or Daughter” means a biological, adopted, or foster child, a stepchild, a legal ward or a child of a person standing in loco parentis, who is under 18 years of age; or 18 years of age or older who is incapable of self-care because of a mental or physical disability.

Compensation for Paid Sick Leave

Qualifying Reasons # 1-3:

Employees will be compensated at their full regular rate of pay subject to a limit of \$511 per day and \$5,110 in the aggregate. Employees whose daily full regular rate of pay exceeds the limit set by the FFCRA have the option to use their own illness days and/or vacation days (if applicable) to supplement their compensation received while on paid sick leave up to their full regular rate of pay.

Qualifying Reasons #4-5:

Employees will be compensated at two-thirds (2/3) of their regular rate of pay subject to a limit of \$200 per day and \$12,000 in the aggregate. Employees have the option to use their own illness days and/or vacation days (if applicable) to supplement their compensation received while on paid sick leave and/or expanded family and medical leave up to their full regular rate of pay.

Leave Benefits Available to LACCD Employees from January 1, 2021 through September 30, 2021

Expanded Family and Medical Leave

Employees are entitled to up to 12 weeks of expanded family and medical leave if the employee satisfies the following requirements:

- 1) The employee has worked for the District for at least 30 calendar days by the start of the leave
- 2) The employee is unable to work (or telework) due to a need to care for the son or daughter whose school or place of care has been closed, or whose child care provider is unavailable due to a COVID-19 emergency declared by either a Federal, State, or local authority
- 3) The employee has not used all available FMLA leave for other reasons earlier in the calendar year. Expanded family and medical leave is a form of FMLA leave, and is not in addition to any other FMLA leave; and
- 4) There is no other suitable person available to care for the employee's son or daughter during the period for which the employee takes expanded family and medical leave.

Compensation

- The first ten (10) days of expanded family and medical leave is unpaid leave. During this period, the employee may elect to use paid sick leave if the employee has not exhausted such leave for another qualifying reason.
- If the employee has exhausted paid sick leave for another reason, an employee may use any available illness days and/ or vacation days (if applicable) for compensation during the first ten (10) days of expanded family and medical leave.
- After the tenth day, and for the remaining ten (10) weeks of expanded family and medical leave, an employee is entitled to employer-paid compensation for such leave at two-thirds (2/3) of the employee's regular rate of pay, subject to a cap of \$200 per day and \$12,000 in the aggregate.
- During this period, employees may supplement the compensation they receive under expanded family and medical leave with their available illness days and/or vacation days (if applicable) in order to be compensated up to their full rate of pay.

Note: FMLA is a maximum of 12 weeks per calendar year. The "restart" of EFMLA under the new Biden stimulus package effective April 1, 2021 does not entitle eligible employees to an additional 12 weeks of leave on top of what is already provided by FMLA. Only employees who have not yet exhausted their 12 weeks of EFMLA (or their 12 weeks of EFMLA and regular FMLA combined) are entitled to use EFMLA from April 1 through September 30, 2021. This may be subject to change without any notice.

Employees who need to extend their leaves past the 10 days or 80 hours of paid sick leave or past the period of expanded family and medical leave available to the employee (up to 12 weeks if no other FMLA leave has been taken this calendar year) are required to submit a request form to extend the leave. The request form begins on the next page.

Compensation for the leave will be generated by the use of the employees' own illness days and/or vacation days (if applicable). Employees also have the option to request an unpaid leave. Employees are eligible to receive up to the full rate of pay for all qualified reasons under FFCRA if employees have sufficient quota.

Employees who currently receive district-paid health benefits will continue to be covered as if they were not on leave, even if they elect to be on an unpaid leave.

The district understands that due to the current situation, an exact end date of the leave may not be known. Employees are requested to estimate the end date of the leave on the leave request form. Another leave request form may be submitted to extend the leave past the original estimated end date. The initial request form may also be amended to request an earlier end date if the leave ends earlier than expected.

In the situation where an employee wants to change the type of quota to be used when full-pay illness days are refreshed on July 1, 2021, the employee can submit an initial request with a June 30, 2021 end date and then submit a new request for a July 1, 2021 start date.

Leave requests may not extend past September 30, 2021.
