

## 2012 FAVORITE TEACHER NIGHT

On behalf of the women's basketball program and the LAVC athletic department, Thank you to all the professors chosen tonight, without your hard work and dedication none of this would be possible, because of the little things you do, you make a big difference in these young ladies lives. We are truly grateful for all that you do.

### Rachel Estrella and Professor Cullather

Professor Cullather has helped me overcome my fear of speaking in public. He has given me the confidence I need to be successful in the future. I thank Professor Cullather for his constant support and understanding for me as a student/athlete.

### Briana Smythe and Professor Paget

I chose Professor Paget as my favorite teacher because he takes the time to help me understand math. I appreciate his efforts and patience. He is a very pleasant and polite teacher. I want to thank Professor Paget for giving me the courage to accept the challenge of math at the next level.

### **Vanessa Aguilar and Professor Southgate**

When I first signed up for Sociology I had no idea what I was getting myself into. The class was challenging, but she always made sure that we were learning the material. Her class environment was great and I loved when she explained everything thoroughly so no one could get lost. Thank you Professor Southgate for making my experience in Sociology class one of the best.

### **Leticia Pelayo and Professor Byrd-William**

The teacher I have come to appreciate most in my two years at Valley College is my anatomy professor, Professor Byrd William. She really takes the time to interact with her students and provide us with the tools we need to apply to our future. I am very grateful to have met her and to have been taught by someone so knowledgeable within her field. Thank you Professor Byrd William.

## Tracey Pretlow and Diedra Stark

Diedra Stark is a wonderful lady and I am thankful to have her as our Athletic Director. She is very sweet and caring. She cares a lot about each of the student athletes at LAVC. I am appreciative of her hard work and dedication. With her, Nothing is Impossible.
