

Executive Summary

Q: A brief recap or highlights of the entire program review document. (500 words or less)

- Highlight major strengths and weakness.
- Highlight areas for improvement over the next 3-6 years.

Response:

We have been reduced to 10 sports, which does not service all of the student athletes that come to Valley.

We are not meeting the needs of the underrepresented gender through Title IX with our sport offerings.

We are seeing a trend in increased fundraising to meet the needs of the sport and the student athlete to be successful.

We are not providing our student athletes with help in registration that helps them get their classes so they can meet the eligibility and transfer requirements.

We will need major renovation or replacement of stadium turf, press box, sound system, chair back seating, stadium lighting, South gym bleachers, South gym flooring, scoreboards, sound system, etc., in the near future.

We will need a replacement in staffing, with athletic director, full time women's coaches, sports information director, marketing assistant athletic director.

We are relatively successful in competition which provides a good positive, experience for our student athletes, and reinforces our goal of helping them transfer to a four year college.
