

Executive Summary

Q: A brief recap or highlights of the entire program review document. (500 words or less)

- Highlight major strengths and weakness.
- Highlight areas for improvement over the next 3-6 years.

Response:

The CAOT Department has performed well relative to college standards, but there is still room for improvement. The biggest challenge comes in staffing; with only two full-time faculty members, it will be difficult for the department to improve.

Nonetheless, CAOT has established standards for Enrollment, Student Success, and Certificate Completion that will show continued improvement in these areas. New courses, streamlined and updated Certificates, and an increased emphasis on Student Success will help us achieve these goals.

Response:

To date, nothing has been submitted for this module. I am noting that the department implemented a number of recommendations from the viability study that was conducted last year. LN
