

Executive Summary

Q: A brief recap or highlights of the entire program review document. (500 words or less)

- Highlight major strengths and weakness.
- Highlight areas for improvement over the next 3-6 years.

Response:

The Community Services Department meets its mission statement by serving a wide variety of Community Members of all ages. Our major strengths include our programs for kids (Monarch Camps, Gymnastics & Aquatics) and delivering high quality non-credit classes to the community as well as allowing the community to use college facilities through our Open (Drop-In) Recreation Program.

Student evaluations for all classes are, for the most part extremely positive with many instructors/classes being rated 5 out 5 “across the board” by all respondents.

Weaknesses and areas needing improvement are our ability to schedule more classes and program due to limited space on campus and our ability to “keep up” with the changing market in terms of what classes to offer and on occasion finding qualified instructors for classes that the community has requested or shown an interest in. As more new buildings open on campus we expect that the ability to schedule more classes will be increased.

This program review, goals and SLO's were discussed with both classified staff in the Community Services Office and they both had an opportunity to provide input. In addition both staff assisted with completing various sections of this report.
