

## Executive Summary

Q:  
A brief recap or highlights of the entire program review document. (500 words or less)

- Highlight major strengths and weakness.
- Highlight areas for improvement over the next 3-6 years.

**Response:**

About 80% of faculty surveyed rated Professional Development as excellent or good. For staff surveyed, the result was 58%. We need to do a better job of meeting the needs of our staff. We also need to offer programs for our administrators. We have a strong orientation program for new FT and adjunct faculty, and we offer a welcoming space in the PDC for adjuncts to work and get one-on-one help.

We hope to improve our online presence by adding such things as webinars and online training. If funding is available in the future, we would like to bring in outside groups like On Course to provide training in teaching strategies.
