

**Intersegmental General Education Transfer Curriculum
(IGETC)
2003-04**

The IGETC is a pattern of courses that students can use to satisfy lower division general education (ge) requirements at any California State University (CSU) or University of California (UC) campus. However, completion of the IGETC is not an admission requirement for the CSU or UC, nor is it the only way to fulfill lower-division ge requirements before transfer. Students should contact a counselor for detailed information. Foreign transcript coursework cannot be used on IGETC except in special circumstances in Area 6; see a counselor for details. Students must petition the Graduation Office for certification of IGETC completion. See page 2 for footnote explanations. Every effort has been made to ensure that this information is accurate; however, students should consult an LAVC counselor periodically to determine whether there have been any changes or corrections.

WARNING! Consult a Valley College counselor <u>before</u> taking courses outside Valley College to be used on this IGETC general education plan, <u>particularly if taking courses elsewhere in the LA College District. Every community college may apply its courses differently on general education, even if the course has the same course number and title.</u>	Taken at LAVC	Taken Elsewhere	Need
