Motion S12-14 and S12-15

ENFORCEMENT

Los Angeles Valley College enforces all regulations set forth by the State of California, County of Los Angeles, City of Los Angeles, and those set by the Los Angeles Community College District Board of Trustees pursuant to section 21113(a) of the California Vehicle Code. Violations may result in warning, administrative fine, arrest, discipline, and/or vehicle impound.

GENERAL TRAFFIC REGULATIONS

All persons operating a vehicle on District controlled property are required to comply with the Los Angeles Community College District Traffic and Parking Rules and Regulations, the Los Angeles Valley College Comprehensive Parking and Traffic Regulations Policy, and the California Vehicle Code.

All persons shall obey any sign or signal erected or maintained to carry out LAVC parking regulations or regulations set forth by the State of California, Los Angeles County or City of Los Angeles. All traffic regulations are posted at the entrance of every parking lot and enforcement is in effect at all times on campus.

All vehicles that enter the campus properties shall be currently registered, as required by California Law. Unregistered vehicles are subject to citation, or removal at the owner's expense.

All persons are required to drive at a safe speed for the conditions and to observe the maximum speed limit on campus (including all parking areas) of 8 MPH.

Motor vehicles are prohibited from being operated on any surface of college property except roadways and parking lots. Excluded from this requirement are emergency response vehicles, any college vehicles in the performance of duties of the operator, delivery vehicles when delivering to the college, and vehicles as authorized by the VP of Administrative Services or the Director of College Facilities.

GENERAL PARKING REGULATIONS

Parking is not permitted on any college roads except where a valid marked parking space has specifically been provided.

- Parking regulations are enforced 7 days a week, 24 hours a day.

Temporary parking permits are issued to: volunteers, guest lecturers, donors, invited guests, and as listed in the following Temporary Parking Passes sections.

When notifying the Sheriff's Office the person responsible must list the names of the person or persons for whom the pass is being requested, whether or not the pass is for the staff or student lots and the time frame for which the pass is requested. Guests who have not received their temporary parking permit from the requesting department in advance must either proceed to the College Sheriff's Office to pick up the temporary parking permit or purchase a daily parking permit from one of the daily parking permit machines.

EVENT PASS REQUESTS

Theater, Art Gallery, and Music: Individuals who are involved in theater and music productions or performances are eligible for temporary parking passes. These passes are usually for the College Road North parking lot located on the west side of the Theater and Music Buildings. No LAVC students may receive a temporary parking pass under any circumstances unless approved by the Vice President of Academic Affairs.

REQUESTING USE OF A “NO CITE ZONE” – (See Appendix A)

From time to time departments and college programs might find the need to provide for a general area of free parking for event attendees such as during music programs. Requests for approval of a “no cite zone” must be submitted to the Vice President of Administrative Services at least one week prior to the event. If approved, the College Sheriff’s Office will be notified that during the requested dates and times the area designated by this policy as the “no cite zone” shall be in effect and no citations for parking violations in the zone are to be issued during the established period.

The primary on-campus parking area to be used as a “no cite zone” is the top level of the Parking Structure. The requesting department may inform the anticipated attendees of the no cite zone and the times it will be in effect. However, the College will not otherwise advertise the existence of the no cite zone so as to preclude non-event attending persons from parking their vehicles in the zone so as to avoid obtaining the required parking permit.

OVERNIGHT PARKING PERMITS

Overnight parking, between the hours of midnight and 5:30am, is only permitted with special authorization of the Vice President of Administrative Services.

PARKING AREAS

Refer to the attached campus map depicting parking areas on campus for specific information on locations. Valid LAVC parking permits are required in all parking areas.

GENERAL PARKING LOCATIONS:

<u>LOCATION</u>	<u>DESCRIPTION</u>
Parking Structure	4 levels of parking. Level 1 Faculty, Staff and Disabled Levels 2, 3, and 4 for Students and visitors
Parking Lots	Parking for Students, Faculty, Staff, Disabled, and Visitors
Coldwater Canyon Extension	Parking only in designated parking spaces with valid LAVC parking permit. The first five (5) parking spaces along the eastern side of Coldwater Canyon Extension and just north of the entrance from Burbank Boulevard are set aside for use of visitors to the LA City Park – student vehicles parking in these spaces are subject to being cited.
Campus Center Mailroom	The first parking space located on the east side of the Campus Center Building at the south end of the

LAVC COMPREHENSIVE PARKING AND TRAFFIC REGULATIONS POLICY

building is designated as Short Term Parking with a 15 minute duration for faculty to visit the mailroom. Only faculty may utilize these spaces and only when visiting the mailroom.

EMPLOYEE CARPOOL/VANPOOL PARKING – (See Appendix B)

The College maintains 10 parking spaces in the Parking Structure for employees participating in organized carpools or vanpools. These spaces are to be used by assignment through the college's Employee Transportation Coordinator.

Additionally, employees in organized carpools or vanpools may request an assigned parking space closer to their work location in lieu of a space in the Parking Structure if such a space is available. When assigned to an employee carpool or vanpool only the vehicle(s) registered by that carpool/vanpool may park in the reserved Carpool/Vanpool space.

♿ Accessible PARKING

Disabled Person Parking Placards issued by the Department of Motor Vehicles (DMV) are honored at any passenger vehicle parking space on LAVC property.

Designated ♿ accessible spaces are located in all student and staff lots. Students with vehicles displaying a DMV placard may only park in student parking areas but a valid LAVC parking permit must also be obtained and appropriately displayed. A valid DMV placard is required for parking in any ♿ accessible parking space or metered parking stall.

If after consultation between the SSD Office and the College ADA Coordinator a student is authorized to park in an accessible space in a staff lot as an accommodation for a mobility impairment, a Disabled Student Parking Permit issued by the Services for Students with Disabilities Office must also be displayed with the LAVC parking permit.

A person shall not use a DMV placard for the purpose of parking unless the person is disabled, or the driver of a vehicle is with a disabled person who is a passenger. Misuse of the placard may result in, but not limited to, the confiscation, citation, and removal of the vehicle, and/or arrest. Misuse of the placard is defined in section 4461(c) of the California Vehicle Code and is classified as a misdemeanor.

MOTORCYCLE PARKING

Operators of motorcycles or motor scooters are required to obtain a valid LAVC Parking Permit. The operator must secure the parking permit to or on the vehicle in such a manner as the permit is clearly visible or may, in lieu of the foregoing, upon obtaining the parking permit proceed to the College Sheriff's Office and register the permit along with vehicle information.

LAVC COMPREHENSIVE PARKING AND TRAFFIC REGULATIONS POLICY

BICYCLE POLICY

There are many benefits associated with the Valley College Community increasing our use of bicycles on campus, including alleviating parking issues, reducing the surrounding traffic, promoting a healthy lifestyle, and reducing gasoline consumption.

Los Angeles Valley College is therefore committed to providing students, staff, and faculty with an environment conducive to riding bicycles on campus. To ensure that the shared space on campus can be used efficiently by pedestrians, cyclists, and other vehicles, the following practices are required of cyclists:

1. Obey all traffic laws while riding on campus.
2. Maintain a safe speed at all times and ride only in a manner that is safe for everyone. Bicycle riding in a reckless or dangerous manner is not permitted.
3. Yield to pedestrians where applicable.
4. Cyclists are to park bicycles only in designated areas. Bicycles may not be taken inside of buildings. Bicycles secured improperly are subject to impoundment by Campus Sheriffs.
5. Cyclists are encouraged to wear a helmet while riding on campus.
6. The interior of the campus, which includes Monarch Square, is reserved for pedestrians only. Cyclists must walk their bikes in this area or in any area where signs require bike dismount.
7. Bike riding on sidewalks is not permitted. Cyclists are to walk their bikes on all sidewalks.

A series of bicycle racks have been placed adjacent to the following buildings: Foreign Languages, Engineering, Math/Science, Business/Journalism, Behavioral Sciences, Humanities, Campus Center, Student Services, Life Sciences, and Art.*Some bicycle racks may not be available due to construction. Bicycles are required to be secured to these bicycle racks only, not to handrails, poles, trees or posts. Bicycles that are secured to anything else aside from a bicycle rack may be subject to removal. It is recommended that a "U" shaped "kryptonite" style locking bar be used to secure your bicycle.

DROP OFF ZONES AND AREAS – (See Appendix E)

The College has established zones on campus for drivers to drop off and pick up passengers as displayed on the map in Appendix E. Passengers should only be dropped off or picked up in these areas. Stopping to pick up passengers is only to be done when the passenger to be picked up is in the immediate vicinity of the pick-up point. At no time shall a vehicle be parked in a drop off/pick up point unless expressly approved by College Sheriffs personnel.

SIGNAGE AND MARKINGS
