Anyone with a high school diploma or its equivalent meets the basic eligibility requirement for admission to a California public two-year community college.

People who do not have a high school diploma or its equivalent but meet additional criteria are also eligible for admission if, in the judgment of the college Admissions Officer, they are capable of profiting from instruction. Additional eligibility criteria include:

## High School Students (9-12 Grades)

### Admission

High school students are allowed to enroll while they are still in high school provided that they fill out an Admissions Application and get the approval of their principal or designee on a Concurrent Enrollment Form.

### Deciding Which Classes To Take

The principal or designee signing the concurrent enrollment form should approve the class(es) in which you are attempting to enroll. However, you are still required to meet college-level prerequisites for any course you wish to take. If you are planning to take English or math classes you must be assessed prior to enrollment. For more information about assessment testing, contact the Assessment Center at (818) 947-2587

### Enrolling In Classes

Students can choose to take Advanced College Enrollment (ACE) classes after school at Los Angeles Valley College or on select high school campuses. Because courses vary by semester, students should see their college counselor for more information.

#### ■ After School Classes

Students must turn in an admissions application and Concurrent Enrollment Form on the first day of classes. Applications will be processed and students will be added to their courses on that day. For more information students should talk to their high school counselor or college advisor.

#### ■ General Courses/Intersession

Students must turn in an admissions application and Concurrent Enrollment Form to the Office of Admissions and Records during normal business hours. Students will be given a telephone/ internet registration appointment at this time. For more information go to Admissions and Records located in the Administration Building Lobby.

#### ■ Courses at the High School

Admissions applications and Concurrent Enrollment Forms will be accepted during a workshop on a pre-determined date at the high school. Students should check with their college counselor or contact the Advanced College Enrollment Office for further information.

## Paying Your Fees

Concurrently enrolled resident middle/high school students are exempt from paying enrollment fees. Non-resident students are responsible for paying the non-resident tuition.

## Fee Payment

### ATTENTION BOARD OF GOVERNORS FEE WAIVER STUDENTS

All students will be charged the health fee (\$11 for fall and spring and \$8 for summer and winter). This fee will no longer be waived for students who are eligible for a fee waiver. Please feel free to contact the Financial Aid Office at extension 2412 if you have any questions.

## Residency Requirements

### California Residency Requirement

To attend any of the Los Angeles Community Colleges as a resident of California, a student is required to have been a California resident for more than one year immediately preceding the Residency Determination Date. The Residency Determination Date is the day before classes begin. Residence is defined as a union of act and intent.

### Non-Resident

A non-resident student is one who has not had residence in the State of California for more than one year immediately preceding the Residency Determination Date. Residence is defined as a union of act and intent. Physical presence alone is not sufficient to establish California residency nor is intent when not coupled with continuous physical presence in the State. Certain non-U.S. citizens are permitted to establish residency and others are not. Check with the Admissions Office regarding your particular status.

A student classified as a non-resident will be required to pay non-resident tuition fees as established by the District Board of Trustees.

## Residence Reclassification

Students who have been classified as non-residents may petition to be reclassified at any time they feel their status has changed. The Residence Reclassification forms are available in the Admissions Office and must be submitted prior to the semester in which reclassification as a resident is to be effective.

### Acceptance Towards Residence

Units for which credit is given pursuant to the provision of this section shall not be counted in determining the twelve units of credit for residence requirement.

### Residence Appeal

A student may appeal the residence classification determined by the college. The appeal must be made within 30 calendar days of receipt of notification of the residence classification from the Admissions Office. The appeal must be submitted in writing to the college Admissions Officer, who will forward it to the District Residency Appeal Officer.

Tuition and fees must be paid at the time of registration in accordance with the number of units in which the student enrolls. There is a \$35.00 application processing fee due at the time of application and a \$25.00 service fee per semester.

## New Student Counseling and Advisement

The counseling office now provides an Orientation to College on-line. However, if further information or assistance is desired, such as transcript evaluation of work completed at another college, the student may make an appointment to see a counselor in the Counseling Department. For less complex and more immediate situations, the student may be able to obtain counseling on a walk-in basis. Specialized counseling services are also available for students who qualify for the Services for Students with Disabilities (formerly DSPS) and Extended Opportunity Programs and Services (EOPS) programs. These programs are described in the Student Services section of the schedule.

### Matriculation Policies

#### Exemption Criteria

All new students are expected to participate in matriculation activities and take a Personal Development course prior to the completion of 15 semester units at Los Angeles Valley College. Students with a BA/BS or higher or those enrolling in six or fewer units and who have proof of concurrent enrollment at another college or whose educational goals are personal development, maintaining a license or certificate, or advancing in a current job may be exempted from assessment, orientation and counseling.

Students with an AA/AS may be exempted from assessment. Students enrolling in English/ESL are not exempt.

Exempt students may choose whether or not to participate in matriculation activities.

They also discuss placement results and course recommendations with a counselor. Students also complete a one-semester student educational plan, discuss registration procedures and receive registration materials.

Counselors are available for follow-up advisement and assistance.

### Challenge to Matriculation Procedures

New students who are unable to participate in matriculation procedures must file a petition in the Counseling Office to have matriculation requirements waived. They will register after the new students who attend assessment and orientation sessions. Students may challenge any matriculation procedure which they believe to be unlawful.

Students on scholastic probation may be limited in the number of units they may carry, depending on the extent of their deficiencies.

Students who will be employed while attending college should reduce their programs accordingly. For most students a 16 unit college program is equivalent to at least a 50-hour work week.

Although a counselor may assist students in planning their programs, students must assume full responsibility for compliance with instructions and regulations as set forth in the catalog, and for selecting subjects which enable them to achieve their objectives, whether that be graduation from the college, meeting the lower division requirements of a higher institution, or preparing for an occupation.
