118	Because you guys suck big time !!!	9/29/2014 3:14 PM
119	I didn't get info before my class. I assumed it was an evening class because all the others were, but it was a morning class and then I missed the first lesson. The teacher dropped me even though I payed for my classes and I think that's absolutely unfair that they have power over who to drop or not. If you payed for the class you should still keep your spot in the class!	9/29/2014 2:53 PM

1	Spring semester had many requirements offered at the same time so I could not register for all my course. This has happened every spring. They should consider which required courses for certificates and degrees and try to offer them at different times. when there is even a 5 minute overlap the system won't let you register. 16	I was dropped from a math class during a winter session. I did not give consent to the teacher to be dropped, AND I let her know ahead of time to please not drop me. Because I was dropped, I now owe a \$705 financial aide payment. as a result, I can't enroll in classes.	12/8/2014 2:29 PM
17	I have tried for 3 semesters to get into a beginner Math class, they are always full by time I am able to apply. I was told that because I am older and have more units than a younger student that my registration time is custom made so that I can only register after the younger students! That is unfair. Also, another student mentioned to me that since I have a disability, I could go to the DSPS Counselor and they could get me into the math class. When I went to the counselors office, they told me that is not true? Can I get help to get into a Math class?	12/3/2014 5:34 PM
18	Certain email reminders as too when each semester ends/begins would be nice. Reminders for deadlines, any deadlines, and constant email notifications regarding missing documents needed in order to receive financial aid would also be helpful. Not everyone has the time to check their SIS account regarding any holds, bills, or deadlines.	12/3/2014 1:43 PM

25	provide more classes for people that have day jobs..	11/26/2014 2:34 PM
26	I wish LAVC offered Health 2 because it fulfills both the 2 units of Health and 1 unit of Physical education. The only alternative is to take two separate courses (Health 11 and a P.E. class) which exceeds the required units, and is more challenging to work into a schedule.	11/26/2014 2:25 PM
27	Keep up the good work, I know you guys work hard but you make it worthwhile for us students to get our classes and be enrolled in college so thank you!	11/24/2014 10:36 PM
28	I wish that LAVC offered online courses for the winter and summer semesters. I will be going out of state for a month between the Fall 2014 and Spring 2015 semesters and I would love to take English 101 online while I am away but that is not an option, which I think is rather unfortunate because that could have helped me a great deal.	11/23/2014 1:03 PM

31	COAT has very few evening classes. And non were available during winter	11/22/2014 4:47 PM
32	I really don't like this campus and plan to leave whenever I get the chance. The class schedules & the student body at the school are extremely unfriendly. I had to do everything myself pertaining information I need transfer wise and I was not informed of most if not any programs available on campus. It's almost like the college is working against people who look like me. I would NEVER recommend anyone I know to attend this terrible college. I usually find out different programs on the campus are available by hearing another student in class relay the information to another student. Otherwise I would of never of heard of certain programs, which is sad on valley colleges part.	11/22/2014 4:21 PM

36	1.) We need better control of the AC in AHS. I spent the majority of this semester dressed like an Eskimo. 2.) "Demand" is a poor word choice. I did this survey because I want to provide you guys with the info you need, but I almost didn't do it because you "demanded" it 3.) This email system is awful. 4.) Happy Holidays! Have a nice Thanksgiving! :)	11/20/2014 4:54 PM

42	I LOVE THIS SCHOOL THE SCHOOL HAS HELP ME SO MUCH	11/19/2014 10:04 AM
43	I received notice that I would be place on the lowest priority to choose classes. I find this to be absolutely ignorant and a slap in the face to my dedication to excellence and advancement. Please don't let the reason this decision was reached is to accommodate any undocumented citizens or any students that are not legitimately in line for a perk. I have been working at this graduation for too long to be placed at the back of the line. How about this...all the surveys that I've received, I never received a survey about placing academically excellent students at the back of the line. I never received a survey to give feedback on hindering and halting the road to graduation and transfer for students who are right there at that door. This college has never once contacted me for scholarship for excellence or poverty of which I am both. At times it feels like the school has too much on it's plate. To re-iterate...there is no reason why I/we cannot get an English class(es), which more than always is a requirement for transfer.	11/19/2014 9:15 AM

48	I feel it is unfair that my registration date is so late. I really do not understand why my date is so late especially since I have already completed the orientation, counseling and assessment steps. It is so unfair because I do not get any of the classes I need and it slows down the process I need to undergo in order to attain my Associates Degree and transfer.	11/18/2014 12:36 PM

56	Philosophy 1 with _____ is by far the worst class I have ever been in. Lectures have nothing to do with the material. I would receive the quiz and nothing we learned was on the test. Studying the book and taking good notes didn't help because a majority of the time the material we read or was told to read had nothing to do with our quiz. He also answers your questions with questions. I honestly felt like I was wasting my time in that class.	11/17/2014 7:26 PM
57	The college should provide more classes at different times and more subjects.	11/17/2014 6:56 PM
58	So far LAVC has been able to accommodate my evening schedule, more than LAMC. I am majoring in Business Management and so far I'm content but unfortunately to get an appointment for counseling is an issue. I'm taking courses based on the online forms in the class schedule. I could be taking the wrong classes which is an inconvenience. That is my only major problem.	11/17/2014 5:24 PM
59	The campus needs better outdoor lighting. As a female night class student, I often do not feel safe walking around campus due to lack of outdoor lighting.	11/17/2014 4:50 PM
60	Wish smoking rules were enforced. Doesn't seem to a priority at this campus.	11/17/2014 3:30 PM
61	It's my first semester here. I entered LAVC because I have a few GED courses that I have to complete in order to transfer to CSUN. My issue was with "scan trons" in my Pol Sci 001 class where i have given 2 quizzes worth up to 50 point each by circling the answers, here is the issue i was not from here i was born and raised in Dubai its been more than a year im here and this is my first semester i had no idea how scan trons worked. In my mind it was a 15 question quiz i mean it didn't matter if i circle it or put a tick next to the correct answer or anything else because i thought at the end of the day she will correct it herself. After i got 2 zeros and i started to get paranoid, my other class Cinema 105 the professor fully explained of how a scan tron worked and then the first thing i said to my self was "OHHH _____!" So the machine corrected my exams thats why i was getting zeros because i wasnt filling in the answers in the correct way. And i already gave my Pol Sci teacher my next quiz which was another 50 points, so i directly emailed her and explained everything to her, and if she can do anything to help me out with this because i already loss a good chunk of my grade that i wasn't supposed to, all she did is she corrected my "third" quiz her self which i got 13/15 and i honestly might end up withdrawing this class and focus more on my other 2 classes. Because I have to double my work to 100 points loss of my grade and our quizzes are the most points in our grades. A midterm and Final are 100 points each. I don't know what to say, but all the teacher did was gave me that correct third quiz and didn't even talk to me about what we can do to fix this, plus im new the to system of colleges here so i really dont know what steps to make. Overall i love the college, and people learn from their mistakes. My Regards.	11/17/2014 3:07 PM

We appreciate the new parking building structure, however, you have no idea how hectic and difficult it is to find parking and be careful not to get into accidents with other drivers. Too compact. 122	This is a good campus, and has valuable courses and professors, and that this campus shows support for the students, but as many other colleges, ged requirements can be tough for many students including me; however, LAVC is a good campus, and if opened to more medical career opportunities, LAVC will be likely to succeed even more than now.	11/5/2014 8:34 AM

131	There needs to be more assistance for Veterans to have counseling since we need to have our Education plans signed off on before each semester. I didn't have a choice but to keep a class since I only had two weeks in which to drop it.	10/28/2014 11:10 PM
132	I do not think it's right to ask for gender and ethnicity because that has nothing to do with the survey.	10/27/2014 4:39 PM
133	I believe the customer service at the book store in campus it is not the appropriate. some of the employers are very rude and have a terrible attitude. you should have a comment's box in there for students to write complains, and in this way you will see what is going on. believe me the service is terrible!	10/23/2014 6:12 PM
134	financial aid office is very confusing and not helpful. I was reduced to receive a financial assistance because i had a certificate degree 30 years ago from a foreign college. Very disappointed. For two months they cannot resolve this issue and keep asking me to fill out numerous forms and write same letters.	10/23/2014 7:06 AM
135	The closing of parking lots by the tennis courts to accommodate construction is more of an inconvenience to students since all students are now forced to park further away from their classes' buildings. Furthermore, parking lots right by woodman and burbank blvd. seemed to be more preferably assigned to staff, which is rarely filled leaving out students to scramble or line up for a parking spot.	10/22/2014 10:04 PM
136	I have taken Prof for online Psych and her online class workload is too demanding. I had physical injuries from straining a muscle from sitting too much at the computer, also there is no class survey offered in her online class, her grading scale for the class is too restrictive, ie half and quarter points, no max points ever given, I was 3 pts away from an A and she would not give it too me. Additionally when I contested my grade, Prof acted like I was a poor student and didn't work hard enough when I am an Honor student. The profs in the Psych department have too much autonomy and abuse the students, which leaves a bad impression on me in general about LAVC b/c this is clearly evident-- the online classes are too demanding and make me want to shop around for something more normal where I can get other things in my life done, or at least be able to work.	10/22/2014 1:12 PM
137	I like some of the overall changes in the college, but the buildings need to be maintained better. For example, too many spiders (webs and eggs), dirty floors inside of the classrooms in buildings that are permanent. Bathrooms stall doors not closing/locking. Broken damaged hooks for hanging items in the restroom (this is a hygiene concern).	10/21/2014 3:29 PM

150	Thw many professor's recommender focus only impart clases, no discrimination, specific Latino students, My goal is one day Own open myself company. Thanks a many person's for helping me	10/15/2014 1:23 PM
151	Recently my application for Financial Aid was denied, because I honestly answered the truth. I have a degree in pharmacy out of this country, which became equivalent to nothing, since I have had to work pushing carts in a supermarket, cleaning bathrooms. My bachelor degree is simply nothing. No license, no opportunity, no money, no college. I wanted to appeal, because I truly believe I have potential, I am a very comitted person, with studies, with work, with people, and I know I still can give more if I have one more chance. There are people with bachelor degrees obtained in their countries and they were granted with the help, because they did omitted to say the truth. I tried to appeal, but the the financial aid person said I can not. Why? having studied something did not made me achieved a goal...how can it be when I clearly can not use my skills in pharmacy? Nobody will hire me without license. It makes me sad because this is my country and I want to give back, and I know I can, but please, help me and give me an opportunity.	10/14/2014 10:32 PM
152	It wouldn't matter what I had to say...	10/14/2014 10:09 PM
153	Build a cafe and open up food joints	10/14/2014 8:04 PM
154	Great teachers	10/14/2014 7:06 PM
155	The higher level classes, i.e. Calc I, II, and II, Physics series, OChem, etc., should have more options for class times for people like me who have to work full time AND attend school.	10/14/2014 6:52 PM
156	Should have more general classes available	10/14/2014 5:58 PM
157	N/A	10/14/2014 1:46 PM
158	Lack of available classes for the certification I'm trying to achieve has increased completion time from what should have been 18 months to over 3 years. The extended time to complete my certification has caused significant loss of employment opportunity.	10/14/2014 1:02 PM
159	LAVC food trucks	10/14/2014 12:49 PM
160	I was finally able to add the classes I needed, but with great difficulty. The add policy seemed very arbitrary and dependent on the whim of the instructor.	10/14/2014 12:12 PM
161	To me, because of the face-to-face component, hybrid classes are almost the same as face-to-face classes.	10/14/2014 11:41 AM
162	To have more online classes Thank you	10/14/2014 9:30 AM
163	We should add more classes and teachers for the students that have late registration day so more students could get what classes they need. Build a cafeteria.	10/14/2014 9:06 AM
164	the library should be more implemented on the silence rule. a lot of students make it their living room and the librarians aren't doing anything about it.	10/14/2014 8:58 AM

Class Demand Survey - Fall 2014

165	The ability to waitlist in a class was useful; if brought back it may deter students from looking into taking courses at other colleges.	10/13/2014 8:59 PM
166	I did not try to add any classes since I didn't want to confuse my Manager at work about my work schedule	10/13/2014 8:03 PM
167	I'm sure that many students want Biology and Chemistry classes, but please remember to give attention to the Arts as well. Just walking by the Library where students are playing music and singing not only give the campus more life and shows the eagerness the students have in the art of expression. I think that's something that shouldn't be taken for granted when it comes to what art and music can do for people.	10/13/2014 6:40 PM
168	Due some students who have family and work responsibilities, they aren't able in the most part of the day to attend college early, the office intended for payment should be open until late.	10/13/2014 6:13 PM
169	i would like to get a job in the school	10/13/2014 2:43 PM
170	The new foodtruck by MS is dope.	10/13/2014 12:52 PM
171	Fundraisers should be held more to increase funding on the school campus to reduce prices of materials such as textbooks.	10/13/2014 11:04 AM
172	I am a homemaker returning to school after a 20 year absence. My kids are in school full time and I decided to fulfill a goal of mine to complete my college degree. I'm also attending because I want to gain knowledge.	10/13/2014 10:07 AM
173	I'd like for the tutoring lab (in the AHS) to be open for longer hours and perhaps open on the weekends as well.	10/12/2014 10:39 PM
174	Thanks.	10/12/2014 10:29 PM
175	I'm glad I can get all the classes I need. Valley can try to get better math professors. I like that the campus has so many trees all throughit. It makes me feel like I'm in a tiny forest.	10/12/2014 9:20 PM
176	the college is really unorganized, library is loud, grades aren't updated online so I can keep track of my assignments, bathrooms are dirty, theres no janitorial services in some buildings	10/12/2014 8:08 PM
177	this semester I transfer finacial aid to the valley college but after 3 month my finacial aid ... in the procesing I don't know why my finalcial aid not finished prosses (because finacial aid need a 10 to 12 weeks for process). I need money for register to teaz exam (my major is nursing) I need apply for the transfer to university.	10/12/2014 6:51 PM
178	the following semester, I plan to focus on the classes i take, dedicate time, effort and excel in all my classes	10/12/2014 3:43 PM
179	Los Angeles Valley College should have more classes available, especially in the Computer & Engineering Department. Compared to Pierce College, it falls short in the variety of courses currently available for students.	10/12/2014 12:42 PM
180	Great school and great people.	10/12/2014 12:12 PM
181	it's very good college	10/12/2014 11:12 AM
182	The Evening Classes should start at 5:30 PM instead of 6:45 PM. Starting classes at 6:45 PM makes it very difficult for me to stay awake in class and the next day, because I get up at 4:00 AM to go to work the next day, and I live 1 hr and a half away from the college!	10/12/2014 10:30 AM
183	Love this campus just wish we had a better food places as food trucks aren't that good. and maybe some sore of little bus that can carry people arcross campus. Especially since the construction site takes up so much space.	10/11/2014 10:15 PM
184	i am happy student of LAVC	10/11/2014 9:49 PM
185	I believe online classes and hybrid courses are more convenient for many students since they allow people to have a flexible schedule.	10/11/2014 9:40 PM
186	You're doing a great job.	10/11/2014 9:32 PM
187	more tutors in the evening or weekends, more evening classes	10/11/2014 9:26 PM
188	I'm worry for the probation that I have. I do take all the requirements that the college ask me. I summit the Registration Priority Loss Appeal for Fall 2015.	10/11/2014 6:02 PM

Class Demand Survey - Fall 2014

192	I am a veteran. The initial sign up process is atrocious and extremely confusing, as well not many people seem to really give a crap to help you. Had I not been a veteran and have other veterans help me through the sign up process I would not be here. I feel for the people who do attend here that have not served. Again I have been to other schools and this is the worst sign up process I have ever seen. Not enough information is given and as far as I am concerned the actual BOOKS you need for your class should be made available AT ALL TIMES and be easily noticeable. Not the day you show up to class and then get surprised with what books you need, ridiculous. Not to mention have the need for VALLEY COLLEGE ONLY EDITION books and not have them in stock in the bookstore until 1 1/2 months after classes start. This is a horrible experience overall and just in general. I am hoping for a better experience next semester or I will just be using my veteran benefits at a different school entirely and make sure the VA knows every last detail as to why. There is a lot more but I am just not willing to type it all in a survey. If I do leave this school I will be making an appointment to discuss.	10/11/2014 11:46 AM
193	If evening could be later than 5:30pm would help a lot. Also nursing program in the evening.	10/11/2014 8:59 AM
194	I love LAVC!	10/11/2014 8:51 AM
195	The only problem that I had was during the registration time, I enrolled for the class that I wanted but the class was already full. I had to wait until the class starts for add on (luckily I was able to get in). Working students will appreciate a lot if we get the same priority as the full-time students. We all want to finish our education after all.	10/11/2014 7:34 AM
196	I like LAVC, this best college in Los Angeles	10/10/2014 11:51 PM
197	I have a concern about the parking lot illumination. Some places are very dark and need more security. Every time when I leave my class at night I feel unsafe in the parking lot.	10/10/2014 5:33 PM
198	LAVC is a well organized community college, I haven't seen any issues or had any trouble finding my way around anything. I enjoy my presence at LAVC	10/10/2014 2:26 PM
199	I am a New Zealand qualified Physical Therapist with 25 years work experience and to become registered here in California I must complete Chemistry and Physics courses + labs at LAVC over the winter term in order to fulfill the necessary requirements for the Foreign Credential Committee for Physical Therapists, my deadline is February 2015 i must complete the requirements to sit the PT registration exams. I have a job waiting for me once I have completed the requirements and I have been unsuccessful once again at enrolling in these compulsory courses I need to do this as I have to work asap please could you advise me as to how I can do this?!!	10/10/2014 1:45 PM
200	The Calworks coordinator is a very good worker	10/10/2014 12:58 PM
201	Keep the Library and Math Lab open later on weekends. Especially during mid terms and finals. It's not just about having a computer to work on, it's also the ability to work in a productive learning atmosphere free of distractions. Provide more walk-in counseling sessions. Sometimes students have a quick question and can't make an appointment. It would be helpful if counselors had Open Counseling. Where any time during the work day, one of many counselors has open slots of time for students to drop in and ask questions. No appointment needed, first come first served. (These are not private, it could be a group of students talking with a counselor.) Expedite the construction projects. They're taking too long to complete. The parking structure for instance took way too long to construct and open. Please open up the entire parking structure. Finally, In one or several of the open green lawns, please open a Green Burial cemetery for Alumni who've donated money or students who've fallen from war or other tragic circumstance, if their families so desire.	10/10/2014 12:40 PM
202	the college has not been very clean or well kept lately. i strongly believe in person to person teaching. online courses are not good OR the system you use should be different and not a forum outline. there should be skypeing with teachers and chatrooms with students "live lectures" and you should be able to visit teachers in office hours somewhere because i have had teachers who do not communicate well or ignore you and the grade isnt as good and you cant advocate for yourself as well online. if there was a different better online system where is was more of a live streaming course on top of modules and videos and better access to the teachers then maybe i would consider online again.the program is just really bad and it takes a longer time to read the forum discussions than if i were in a one and half hour class.	10/10/2014 12:27 PM
203	The Wi-Fi needs to be improved.	10/10/2014 10:54 AM
204	There aren't enough food options at the school while the Monarch Center is under construction. The lines are too long for those of us with only 20 minutes between classes. Healthier options would be appreciated, too.	10/10/2014 10:07 AM
205	I really like the online classes, etudes is very easy to use. I just wish more classes were offered as I will as many other people have a hard time actually making it to campus because of work and family needs.	10/10/2014 7:36 AM
206	Getting a lot of general ed classes for IGETC are getting harder to get due to the small ratio of classes compared to the number of students	10/10/2014 7:23 AM

Class Demand Survey - Fall 2014

207	LAVC is a good school with lots of great teachers, if a JR College is going to start offering BA and BA Degrees, I hope LAVC starts things off and leads be exsample	10/9/2014 10:16 PM
208	I would like the classes to have extra credits or other forms to increase the grades in the classes. I have taken classes at other colleges and my grades from Valley for some reason are poorly, i don't understand clearly why.	10/9/2014 6:53 PM
209	I found the add class procedure to be time consuming and stressful.	10/9/2014 6:49 PM
210	I want to know easy way for get English 263 English class next semester.	10/9/2014 6:44 PM
211	some of my professors can be so cocky and arrogant, that makes me think why are they teaching? it is established they are the professionals and we are the students, there should be not intimidation of lack of knowledge for the student. They need to remember they once were students as well.	10/9/2014 4:48 PM
212	More help in the day care center. I applied so many times and NEVER received a call back to AT LEAST say " hey sorry yeah no your kid didnt get in today"	10/9/2014 4:47 PM
213	more evening or night classes as well as online classes would e helpful.	10/9/2014 3:30 PM
214	You should add Arabic to the language courses! I am also very happy in general with my learning experience at Valley College. All the teachers I have had are amazing, especially :)	10/9/2014 2:50 PM
215	They should send the financial aid at the latest the second week of school because I need it for books and ect.	10/9/2014 2:48 PM
216	I already have a PhD. I am only taking acting classes to keep my acting craft fresh.	10/9/2014 2:26 PM
217	Very happy with my instructors	10/9/2014 2:12 PM
218	Parking is terrible!	10/9/2014 12:48 PM
219	Friendlier counselors	10/9/2014 12:36 PM
220	I would appreciate receiving pell and other grants based on my gpa and my financial status. It is hard for me to pay for books	10/9/2014 12:32 PM
221	It would be great to have VCAP come back to LAVC this really helped me get the classes I needed and move along faster. Now I have to do full semesters and it's taking me over 2 years now to transfer. I still have seven more classes to go to transfer, but if we had VCAP in place this Spring 2015 would of been my last semester to graduate and transfer. Please consider bringing it back for those of us that work a full time job. Thank You for your consideration.	10/9/2014 12:16 PM
222	everything is good	10/9/2014 12:02 PM
223	I dropped only because I have been having migraines and other health issues. I liked my teachers and classes and would have continued them if I had been able to. I would also like to know if I can get a refund since I dropped only a few days after the deadline.	10/9/2014 11:53 AM
224	you need a cafeteria	10/9/2014 11:10 AM
225	This is my first semester - finally going back to school. I decided late that I would attend, that is probably why I couldn't get all the classes I wanted.	10/9/2014 9:21 AM
226	Professors are awesome. Admin sucks. Admissions, find aid, counseling all have provided incorrect information, is unwilling to help or explain procedures when they are not know. Rude and calus. Not just one time. Over past two years.	10/9/2014 8:18 AM
227	I really like Valley College, I wish I had tried it out years ago instead of being so loyal to GCC.	10/9/2014 6:33 AM
228	I am going to pierce I only enrolled in your college because I need one more class and they were all full at pierce, but I don't like online classes so I dropped it the first day.	10/9/2014 6:23 AM
229	please, try to not change the professors in the last minute before the semester stated. because when i choose my classes i choose the professor first then the class and i didn't like my professor in this semester which it could effect my grade. also, please put more classes for sciences because they are not enough, the college is full of students. the most important thing that the college should be provided of more light at night "parking areas". thank you for everything. ^_^	10/9/2014 12:18 AM
230	I believe that the college should be aware of two things; 1. Have professors actually teach straightforwards and when they give students an exam, that it won't be confusing since whats on the test looks like hieroglyphics to students. 2. When teachers are sick and it may be contagious, please for the love of have them stay home instead of coming to school with laryngitis. That's all folks, hope you have a good one	10/9/2014 12:15 AM

234	I'd like to have my financial aid now	10/8/2014 8:46 PM
235	I was told I wasn't gonna get financial aid, so I want to know if I will have to pay for all my classes.	10/8/2014 8:35 PM
236	There should be more math and english classes open in the coming semesters.	10/8/2014 8:01 PM
237	I would appreciate if the writing center is also offer during evening time, since that is the only time I am able to attend and get help if possible.	10/8/2014 7:59 PM
238	They should extend the library hours more hours.	10/8/2014 7:33 PM
239	It would be very helpful if the Library was open on Fridays with longer hours, also having it open on Saturdays would be even more amazing.	10/8/2014 7:23 PM
240	I was trying to obtain certification in Property Management and just found out that they are no longer offering it at LAVC. Very upset about this.	10/8/2014 7:08 PM
241	A night an weekend program for nursing and more hybrid classes offered for courses that require labs such as chemistry, anatomy, etc..	10/8/2014 6:34 PM
242	Many students enrolled and when classes started they don't show up and If I want to add or enroll a class I can't because is full, and those students never showed up;	10/8/2014 6:21 PM
243	The counselors should try and put a little more impetus into their jobs and counseling.	10/8/2014 6:09 PM
244	i do not feel that online classes help in the education and advancement in the individual. it just speeds up the process of getting classes done to transfer or get a degree. i am against online classes	10/8/2014 5:35 PM
245	i think that you should add more classes and give some teachers bigger classrooms and also you should stop asking to indicate our ethnicity	10/8/2014 5:05 PM
246	My financial aid still says I have a hold and it says that you guys can't find my information. I want to know if I'm receiving any	10/8/2014 4:59 PM
247	N/A	10/8/2014 4:26 PM
248	I don't think you should limit the repeating of courses especially if I get A's and they are advanced courses. I am not going for a degree. I am taking classes for enrichment purposes and willing to pay the full college tuition and parking. I pay for health and ASB and don't even avail myself of the services since I'm on campus during the evening. So, please don't limit my repeat classes. You don't have to give me credit if that would help.	10/8/2014 4:13 PM
249	Considering the volume of students, I think it's important for there to be some kind of weeding out process. For example, there are some students who genuinely attend college to advance themselves, meanwhile others are simply looking to waste time, but in doing so, take up a spot that would've better served an individual who would take their classes seriously rather than slack off or mooch off of somebody else's work. The aim of education is not knowledge, but action. I think it's important to remember that. I appreciate your consideration.	10/8/2014 4:06 PM
250	Increase library hours, closes too early and also open it back up on Saturdays	10/8/2014 3:46 PM
251	When using the computers on campus someone should limit 'Facebook' and other social networks to people when it is full.	10/8/2014 3:32 PM
252	My professor at the school is superior but I feel that the system she works in is not. Why must we have only Firefox or Internet Explorer to utilize the website? Why not Safari? Are you aware that My Portal says that you can only have Internet Explorer to access it? To make it more confusing, I was able to get onto My Portal through Google Chrome. This is infuriating to me and I think reflects poorly on the school.	10/8/2014 3:31 PM
253	I am a full-time working, mother of 6 children. Online classes are my only hope for obtaining my degree.....please, please, please continue to offer them and if possible increase the number of classes offered this way. Thank you for your consideration.	10/8/2014 3:16 PM
254	I'm taking dance classes at Valley College, and they are so wonderful. Going to these classes is my favorite part of the day! The teachers are phenomenal! I've danced at studios before, but dancing in Valley College's dance program has been by far my best experience. I wish there were dance classes happening during the summer, as I have had to take summer dance classes at other community colleges since they're not offered here.	10/8/2014 2:47 PM

Class Demand Survey - Fall 2014

255	I take my studies very seriously and there were two things I like to point out for the college to know. First, the people from the financial aid should be more helpful when it comes to providing information regarding the process for Financial aid, especially to those who are new to the system. Most of the time they were rushing people and are rude. Second, the counselors were not very helpful at all when it comes to advising, they were more discouraging and expect students to settle with mediocre schools, than actually encouraging them to strive for the best. These are my experiences here in LAVC.	10/8/2014 2:11 PM
256	Many classes (to be specific, CAOT classes) that I need to take are offered only in the evenings, and it's almost impossible for me to take evening classes. It would be very good if CAOT department offered more afternoon classes.	10/8/2014 1:55 PM
257	I did not want to drop my classes but I am going through very personal difficult situation in my family but I will come back next semester. Thanks	10/8/2014 1:30 PM
258	I don't have any comments	10/8/2014 1:25 PM
259	Not enough classes! School way over crowded. So many helpful recourses though.	10/8/2014 12:57 PM
260	More help for students	10/8/2014 12:51 PM
261	When are Cali JCs going back to being tuition free!?	10/8/2014 11:49 AM
262	Tutoring should be accessible online.	10/8/2014 11:33 AM
263	Counseling appt setting needs to significantly improve. Perhaps assigning counselors to students based on the last name.	10/8/2014 11:28 AM
264	Parking is very limited. The vending machienes have no healthy options. Your financial aid office is really unhelpful and ineffective. The buildings aren't marked clearly. There's no course information in the student portal, you need to list the required books for the class before the semester starts.	10/8/2014 11:14 AM
265	None	10/8/2014 11:11 AM
266	Better tutors	10/8/2014 10:29 AM
267	None yet	10/8/2014 10:27 AM
268	I LOVE VALLEY COLLEGE! I have seriously enjoyed every professor I have had, and the college staff is great. My only complaint would be please hire more people for the financial aid department- there is always a line!	10/8/2014 10:20 AM
269	student Services dismiss my needs regardless of special circumstance. Nobody cares.	10/8/2014 10:13 AM
270	The school does a great job in providing classes. All of the help is there, people just need to find it. My first attempt at taking college class when I was fresh out of high school wasn't that great because I didn't look for help. This time around, I've received help by an older sibling and it's gone a lot smoother. I need to see a counselor to improve my expirience even further. Thank you for everything.	10/8/2014 10:08 AM
271	Thank you for the parking structure!!	10/8/2014 9:34 AM
272	I found that there are no resources for part time students which would allow for a sort of priority registration, I currently have a 4.0 gpa and take my studies seriously. Unfortunately I am not able to take on too many classes due to work and family obligations, but it would be nice to have a resource to have a better chance at enrolling in classes that are needed to progress with requirements.	10/8/2014 9:31 AM
273	I feel that the college is poorly lit at night. It would be a good idea to add more lights on the walkways and the parking lots.	10/8/2014 9:06 AM
274	Beautiful college, I prefer Valley over the size of campus. Valley has all the classes and buildings at a walking distances, and all the trees and greenness attracts me and keeps the college lot cooler temperature wise. Microwave in the middle of campus is great, at pierce if your at one location of campus you have to walk ALL the way to the Freudian sip to access the microwave. ATM machines at Valley are nicely accessible in two different locations, where at Pierce ATM is only in the student store, so if you have an evening class you can no longer access ATM because student store will be closed by then.	10/8/2014 8:52 AM
275	It would nice if the college bans cellphones in class, too many students are on their phones during class and the professors not need to kept tell them to put them away. The students that are caught with their phones should be drop from classes.	10/8/2014 8:38 AM
276	I like the campus. It is much better than in LACC. I wish I lived closer to LAVC.	10/8/2014 8:28 AM

277	Please provide more online film classes. Film production is my major but I work full time and have a lot of commitments	10/8/2014 8:28 AM
278	I am interested to learn more about hybrid and online classes and would like more detailed information about them on the school website.	10/8/2014 8:17 AM
279	I take short courses of digital photography and I am so amazed and really happy. The professor is very good !	10/8/2014 8:12 AM
280	Hybrid classes are the best. Please have more available. Classes that meet more than twice a week are almost impossible to take.	10/8/2014 8:11 AM
281	I would love to be notified about my registration date. Also, English 101 classes are always full (having my late registration date it's impossible to get in)	10/8/2014 8:09 AM
282	I would like to take advanced digital film editing.	10/8/2014 7:32 AM
283	Valley should have more available classes	10/8/2014 7:27 AM
284	Professors also play a big part in whether I attend Valley College or other LACCD schools.	10/8/2014 7:26 AM
285	great college	10/8/2014 7:11 AM
286	I wish that campus police would strictly enforce the "no skateboarding" policy. Their habit of "looking the other way" is ridiculous. They seem more concerned about checking parking permits. Glendale College does not allow skateboarding. It is a much nicer environment as a result.	10/8/2014 6:56 AM
287	Fix your bathrooms	10/8/2014 6:27 AM
288	I would consider the classes being offered to students to be based first on a grade point average. Once those individuals have been allowed to pick their schedules, soon after that the remaining population should be able to choose their classes based on age. I find it to be quite frustrating that the class I need is overly populated by elderly individuals, who are attending the class for no other reason besides the income of financial aid and students like myself scramble to enroll and struggle to pay for the books. The hierarchy of the distribution of financial aid has become easily obtainable, which overpopulates the school and floods classes needed for young adults to achieve and move on like myself very difficult.	10/8/2014 3:56 AM
289	A pace type program would be a huge help for those working while earning higher degrees. Also, the cinema/media arts programs should be streamlined (class recurrence rates/competing schedules) to allow degrees to be earned at a faster rate. As far as classes go, I prefer the teachers and environments to other LACCD colleges, but it has been difficult to work and attend classes with the current structure of class scheduling.	10/8/2014 1:14 AM
290	I find that the classes I take and the professors who I have are great. I just wish that there was funding more towards the arts and English departments since that is a lot more focused on what my major is.	10/8/2014 1:02 AM
291	LAVC should have an ASL class during summer or winter session to see if people would be interested in taking it during a longer semester.	10/8/2014 1:01 AM
292	Add more class in summer and winter	10/8/2014 12:54 AM
293	If MORE classes were available and cleaner campus, this school would be perfect! I love that Valley College has an open list classes section available online prior to the beginning of the semester which students can follow if we want to crash classes. Really beneficial!	10/8/2014 12:52 AM
294	best cc ever	10/8/2014 12:44 AM

Class Demand Survey - Fall 2014

295	I strongly believe the course fail rate needs to decrease. I suggest mandatory training for all instructors, its a lottery to get a good teacher at lavc. My definition of good is a teacher that cares for the class, the students understanding of the subject and teaching techniques to fit the needs of the students. I personally am only able to take evening courses because I have a full time job at Health Net Insurance, my job can be exhausting some days and when I go to class and teacher has no enthusiasm about the subject and stares at the board, back to the class for 2 hours its very discouraging. Those students who are there and are wanting to learn I think deserve a better opportunity. For example, I failed my statistics class last semester because I had a horrible teacher that never responded to one email nor discussed anything about my grade when I went to her office hours, she would lecture for the whole class period and not even see if her students understood or not, she gave us a ridiculous amount of HW and didn't even teach us how to use a Statistics calculator. The reason I am complaining freely about this is because this semester I am with a teacher for the same class that is wonderful, he is engaging with his students, approachable and clear to understand. I currently have a A in the class and am understanding the material perfectly, I realized I did not learn one thing in my previous class, teachers aren't all prepared on how to deal with the level their class is at. Sometimes the class overall can be bright and understanding with a few students that need the extra help and there's classrooms where its the opposite, if teachers knew ways on how to adapt to the needs of their students and students enjoyed going to class I think overall it would help everyone out. Students wouldn't be repeating class after class and the school would have enough open classes. If the school really cares for the students than they need to put themselves in the shoes of a student. Get up and randomly visit classes, see what is going on out there. I have worked at LAUSD for 5 years prior to Health Net, that is why I feel so strongly about education, students, teachers and admin all have to do their part for the students that do actually care. Thank you for reading this and I hope this inspires you to keep on making LAVC better.	10/8/2014 12:30 AM
296	I believe there needs to be more lighting near the Art building area and Music building area as well as in parking lot B.	10/7/2014 11:29 PM
297	Stop messing with the music department. We all work hard and care immensely. Especially your staff.	10/7/2014 11:19 PM
298	None	10/7/2014 11:10 PM
299	TURN THE BLOODY AIR CONDITIONING ON IN THE MATH BUILDING DURING THE FIRST FEW WEEKS OF FALL. ESPECIALLY WHEN THERE'S A FREAKING HEAT WAVE!	10/7/2014 11:01 PM
300	I'm taking English 28 at Pierce College because I took that class the last spring at LAVC but my teacher was so rude, we were only 5 guys with me on the final exam and I got a D. At pierce college is more easier than that teacher. Probably I will not take English classes at LAVC because my last teacher has friends in the English department, I'm writing this because I put a complaint with the Chair, but like he said "there is nothing we can do."	10/7/2014 10:48 PM
301	I feel the college should add more math classes so students can take them vereses waiting for a good registration date	10/7/2014 10:25 PM
302	no comment	10/7/2014 10:23 PM
303	This is my second semester at valley college, I love this college... it has a clean restrooms... best professors and the parking lot is ery good.... no complain... I HAVE NO OTHER COMMENTS... I just love this college...	10/7/2014 10:19 PM
304	No comment	10/7/2014 10:12 PM
305	Cleaner classrooms and bathrooms and more security if possible. Please and thank you!	10/7/2014 9:46 PM
306	Bring back archery	10/7/2014 9:35 PM
307	Glad to see results on this test	10/7/2014 9:22 PM
308	The college should have more classes during the winter and summer sessions. Also, the nursing program should be 12 units instead of 11 units because many students don't receive the full amount of financial aid.	10/7/2014 9:21 PM
309	Combo Classes are HARD! Wish i had Taken only Calculus 1 and 2 in Separate Semesters.	10/7/2014 9:18 PM
310	EOPS has been/is a great program!	10/7/2014 7:57 PM
311	It is a pleasure attending LAVC especially as it modernizes gradually. The one thing that I dislike is the lack of motivation of employees to maintain the appearance of the campus. Bathroom stalls are frequently messy and I've seen staff at parking lots dumping trash on the ground. Disgraceful!	10/7/2014 6:52 PM
312	LAVC should do a better job in informing their student if they were academically dismissed rather than have them assume they were allowed to continue	10/7/2014 3:29 PM
313	Receiving financial aid is hard for me, because of all the leaps and bounds that I have to go through. I cannot file independent, even though my parents don't financially support me.	10/7/2014 11:52 AM

Class Demand Survey - Fall 2014

314	more online math classes	10/7/2014 10:01 AM
315	Athletes should continue to have priority registration because that is the biggest reason why I chose this community college over any other.	10/7/2014 9:56 AM
316	I really prefer online classes when it comes to certain subjects but it would really help if teachers reply back	10/7/2014 12:18 AM
317	My friend told me LAVC is very good place and have a lot good professors.	10/6/2014 9:09 PM
318	More options for Winter session, and access to computers would be nice during Winter session would be nice.	10/6/2014 6:04 PM
319	many students are having great difficulty with passing pre-algebra,i feel the corriculum should be changed,it is way to much work in this course that you have to remember and the solutions and formulas are very hard to remember ,the teachers say you need to practice but you are not given enough time to practice and some students need more help then others, some teachers are to arrogant and can be very hostile you in other words you do it their way or they will fail you,and thats what they all are doing,their not teaching you ,they are demanding you or they give you an "F"	10/6/2014 2:12 PM
320	The financial Aid department lost all my documentation 5 times causing me to have to start my processes over. Because of these issues I was unable to start taking classes at the beginning of the year when i planned to, instead it took almost a year for me to get financial aid situated. I find this to be a serious issue that no one seems to take serious. I fear that progressing I will run into these issues again.	10/6/2014 12:56 PM
321	LAVC is a great school	10/6/2014 11:48 AM
322	When I went to _____ class to try and be added for English 28 she said her class was full. I went the following week to see if anyone dropped out so I can be added and I found out that sever people dropped or she dropped but was still unable to add this class. Even when it was noted that their were at least 10 seats available I was still unable to convince the professor to allow me to be added on.	10/6/2014 10:20 AM
323	moved to winnetka and pierce college is closer	10/6/2014 10:19 AM
324	Need to educate the teachers how to sign a student up to audit a course.	10/6/2014 9:23 AM
325	I've been hearing rumors that broadcasting classes (my major) is/or will be getting cut. This will sabotage and delay not only me but many other broadcasting students that want to take the courses and transfer out.	10/6/2014 9:05 AM
326	How do get a hold of a councilor, in order head to my career, I'm lost and in need of help	10/5/2014 11:03 PM
327	my english teacher	10/5/2014 9:28 PM
328	All the instructors of all the courses I am taking now are wonderful.	10/5/2014 9:12 PM
329	I am very upset (and so are many other Cinema Arts majors) t5hat the Cinema 123 and 124 classes will not be offered for at least a year. This puts all of us in a holding program for our degree.	10/5/2014 5:57 PM
330	Need more library hours on Fridays, and possibly Saturday half day.	10/5/2014 5:23 PM
331	I truly hope that LAVC will offer more science classes (Math, Biology, Chemistry, Physics...etc)within times schedules that those science class doesn't clash with each other that much. Science classes should be made available for morning, afternoon and evening. If offering science classes aren't likely, then LAVC should offer more spaces for students to enroll in, lifting up the limit to a higher number so that the students can enroll. (i think this apply to other classes as well and not just Science classes)	10/5/2014 11:45 AM
332	It is sad to say that other programs at LAVC are more helpful and approachable, such as EOPS, TRiO, than Services for Students with Disabilities. The staff at SSD are rude and they should be the last institution that should be that way towards their students. When they are serving students who are not equalized in academics or mental processes or in SOCIETY in general, they should be the last place if not of all places that marginalizes students.	10/5/2014 11:12 AM
333	Maybe consider adding a waitlist. My uncle attended Citrus College and their waitlist works great. Some professor at Citrus use the waitlist as a list to show priority which is no different than the list professors at LAVC use from when students email them and they make their own waitlist. Some other professors at Citrus College use the waitlist prior the first day of school; professors on the first day of school dismiss the waitlist and students that attend class who are not enrolled have equal opportunity. Check it out!	10/5/2014 11:03 AM
334	The math sequence has greatly slowed my progress. Why must I take Trigonometry and Precalculus?	10/5/2014 8:39 AM

Class Demand Survey - Fall 2014

335	The question regarding computer access had two answers that apply to me. I do not have regular internet access at home, but do have access using my smart phone's hot spot (but it is limited). I also regularly access the internet at the library. This is more of a challenge this semester because the lab is only open from 11-9. While I'm glad that it is open until 9 and on Saturdays, we don't have enough computers downstairs in the library to cover that time period. An addition of ten computers downstairs would take the strain off of the system. Also, those computers downstairs need to have Mozilla Firefox installed on them, as the online program for my hybrid class does not work properly with Internet Explorer. Thanks	10/5/2014 3:06 AM
336	Please do something about the entire music building, it's dirty, broken, ugly and the boys bathroom smells like tank gas.	10/4/2014 7:02 PM
337	Other than the lack of janitors, the campus is great. The academic experience is superb.	10/4/2014 5:37 PM
338	Add biochemistry as a class	10/4/2014 3:31 PM
339	There should be more science classes available.	10/4/2014 3:04 PM
340	TOO MANY PEOPLE TRY TO ADD WHILE THERE IS NOT ENOUGH CLASSES. THERE SHOULD ALSO BE MORE PRIORITY FOR STUDENTS THAT WILL BE GETTING ASSOCIATE DEGREES, INSTEAD PEOPLE WHO DO NOT KNOW WHY THEY ARE TAKING CLASS ARE TAKING UP MY SEAT IN A CLASS THAT I NEED AND THEY DONT!	10/4/2014 1:48 PM
341	I'm personally tired of the hybrid classes. The reason I do not take online courses is because I learn better face to face. If I have to do online courses even in a hybrid situation I might as well just teach myself. What's the point? What do I need a teacher for I'm on my own anyway? What am I paying for? You charge me to go to school and then you take away the face to face interaction and throw us online. If I have a question who do I ask? I'm personally frustrated with these hybrid courses. Not everything in life has to move along with the times. I came to college to learn not to learn how to work a website. Please do something about this and do not ignore the small few who feel this way.	10/4/2014 10:22 AM
342	I think there should be more availability of the classes that most people have to take for prerequisites/transfer purposes. i.e. Chemistry 51/68 and Anatomy 1. The Chemistry class that I tried to add had over 20 people that were trying to add it as well; and only 4 people were able to add it. I also think there should be more availability of services for students that attend classes in the evening; counseling, bookstore, cleanliness of bathrooms. As an evening student, I feel like I'm not as important as the FT, daytime students. But, I work during the day and the evening is the only time I can take classes.	10/4/2014 9:57 AM
343	The college should be full-time employee friendly. I work from 7:45 - 5:45 1-hour away. By the time I get to the area everything is closed.	10/3/2014 8:42 PM
344	More availability for Typical High Demand Classes. MORE TUTORING LAB HOURS ! (if more hours were available, I might be more open to taking a later class since I would be able to utilize the lab after and before class. A couple hours for the weekend wouldn't hurt either for those considering a weekend class.)	10/3/2014 7:46 PM
345	I wanted to take the chemistry placement test and i found out that it is no being offered	10/3/2014 6:29 PM
346	You guys when it comes to enrollment.	10/3/2014 4:02 PM
347	The school has an ant problem	10/3/2014 12:36 PM
348	Nice place I like that	10/3/2014 12:16 PM
349	I'd like the idea of Community Colleges offering 4-year degrees.	10/3/2014 11:59 AM
350	Please extend the library hours and possibly have it open on the weekends. Thank you.	10/3/2014 11:13 AM
351	I am thoroughly enjoying my experience at LAVC so far.	10/3/2014 10:34 AM
352	I do like the campus, but I prefer Pierce and Valley's classes weren't as available as Pierce's.	10/3/2014 10:33 AM
353	For years now I find my self having to attend other colleges, for the classes that I would like to attend are full. In past semesters if I have attended LAVC it is because I crashed a class, and the professor was kind enough to let me stay. I work and go to school at night. I am not sure if you guys still offer PACE. Thanks	10/3/2014 9:40 AM
354	I saw students as much as enrolled students waiting for enrollment. More classes for these courses seem to be a need. I wonder why college is not considering this demand.	10/3/2014 9:02 AM
355	I continued to attend classes pending financial aid, but no financial aid was awarded. I continued to go to the financial aid office but received no answers except, wait for your reward letter, etc. another couple of days, I will forward a message to my supervisor, etc. etc. I am very disappointed.	10/3/2014 7:59 AM

Class Demand Survey - Fall 2014

356	I want to transfer to UCLA. I need help in that process. How do I get it?	10/3/2014 5:03 AM
357	The orientation that we have now is not the same that the others years. Now the people don't know.	10/2/2014 10:25 PM
358	Definitely more science and math classes. In addition, more weekends classes. Thank you	10/2/2014 9:49 PM
359	It was very hard to get classes even when registering on time at the exact registration date. I also was unable to get crash classes that because they were so full	10/2/2014 9:44 PM
360	The college should have more class for high demand courses so students can finish their degrees and transfers sooner instead of having to wait more than one semester to enroll in a class needed to transfer. Also reevaluate some professor who don't care to teach students and aren't accessible to ask questions when need additional help.	10/2/2014 9:26 PM
361	The Chemistry program is very flawed and in my opinion is one of the worst programs around the area. Teachers are terrible (Prof. _____ to be specific) and do not know how to teach their classes. The fact every advanced math class requires you to sign up for mymathlab is horrible. The cost alone for the book is \$100+ and the code to get into mymathlab goes for over \$70. Most of us are normal students who don't have much money and the fact that we have to spend almost \$200 for just one class is ridiculous, specially when there's so many flaws in the system (mymathlab).	10/2/2014 9:14 PM
362	I hope to graduate from this college soon.	10/2/2014 8:08 PM
363	It was a wonderful experience. Thank you.	10/2/2014 7:25 PM
364	LAVC should open more anatomy classes and maybe extra science classes because many students usually don't enroll in these classes and are held back a few years. Some classes are poorly taught at LAVC, Anatomy 001 being one of them. The book is incomplete and the lab manual is sloppy. I believe if you compare LAVC's anatomy textbook to say Pierce College then there's a huge gap in amount of information contained.	10/2/2014 4:50 PM
365	My teachers have been rude, uninformed, unprofessional and unfit to teach.	10/2/2014 4:37 PM
366	I wish the school was able to let the students know when the new semester catalog was available so we can add classes. I know check everyday to see when its available,if not the classes get full so quick.	10/2/2014 4:12 PM
367	Being that LAVC was deemed the first (community college) "Tree Campus" in the U.S., one would think there would be a greater number of Botany/Earth Science/Plant Biology classes offered. Being that my major is in Earth Science (Botany/Geology), it is quite discouraging to learn that there's only ONE Geology class offered (at 8am) on the entire campus. The same can be said for Oceanography. For this reason, I am considering attending Pierce College in the Spring of 2015.	10/2/2014 3:46 PM
368	LAVC is one of the schools the offers more variety in terms of classes and availability, I just wish more Science courses were offered Friday/Saturday. Also, I would like to see another lunch truck (not just the two right now) during the semester if construction is still going on.	10/2/2014 3:44 PM
369	I genuinely wanted to take the class I enrolled in at LAVC, but the early AM class time and commute considerations led me to drop the course. I'm fulltime at LACC and y'all should consider starting courses that generally aren't offered at other campuses at some time other than early AM.	10/2/2014 3:24 PM
370	It would be great if you could offer Anthropology 111 completely online	10/2/2014 2:35 PM
371	More internet classes should be offered in a wider variety of subjects, but especially in subjects that are needed to complete the general requirements for a degree or to transfer to a 4 year college.	10/2/2014 2:33 PM
372	I dropped the class on 5-13-14	10/2/2014 2:06 PM
373	I don't have my student ID now but my name is _____, Psychology student, thank you	10/2/2014 1:32 PM
374	no comment	10/2/2014 1:16 PM
375	Add more CAOT morning classes	10/2/2014 12:05 PM
376	I will apply for the nursing program at LAVC.	10/2/2014 9:53 AM
377	Circumstances such as death in the immediate family and hospitalization should not be taken lightly when evaluating a students grade.	10/2/2014 8:44 AM
378	buying books or especially codes should not be requirement. It is frustrating.	10/2/2014 8:17 AM
379	I did not want to drop, but nothing fit into my schedule of work either.	10/2/2014 6:26 AM

Class Demand Survey - Fall 2014

380	There are some evening classes that should also be available during the day, like French 003. There are students who have work in the afternoons/evenings and can't go to evening classes.	10/1/2014 10:29 PM
381	Even if I was able to register to all the classes that I wanted it was because I went the first day of class to ask the teacher to add me because all the classes that I wanted were full when I tried to register online.	10/1/2014 10:15 PM
382	I attempted to get all the classes I needed at the school but they did not have enough options available and classes were closed. This conflicted with work so I was forced to take one class at Valley, one class at Pierce, and two at CSUN in order to transfer next semester since these were all prerequisites for all the other courses I need. Because of this, they cancelled my financial aid and I have suffered with going to 3 schools, no aid, and only a part time job that I have had issues with because of the school schedule I have. I think that the school needs to accommodate students and provide solutions that benefit students in a way that trying to obtain a class is not as stressful.	10/1/2014 9:43 PM
383	No comment at this moment.	10/1/2014 8:15 PM
384	Too many surveys.	10/1/2014 7:49 PM
385	Section #2324 is a Saturday class, but the teacher wants us to go during the week in order to complete all the hours that are required. Is this allowed?	10/1/2014 7:41 PM
386	I had to choose between finding part time work and enrolling in one course. I chose work... However, when things are settled in my new job I will return to my studies. Hopefully, for the Spring 2015 semester.	10/1/2014 7:41 PM
387	It would be nice to have a specific date to get the Financial Aid money	10/1/2014 7:07 PM
388	textbooks are too expensive.	10/1/2014 6:56 PM
389	I am returning to school 20 years after graduating from high school. All staff members and professors have made me comfortable, offered their assistance and made me feel my success was their interest. Great school!	10/1/2014 6:33 PM
390	losing privilege on registrations date based on your gpa or being in probation.	10/1/2014 5:09 PM
391	We should know in advanced before classes start what books we need	10/1/2014 4:43 PM
392	The college has a great down to earth programming professor who wants to keep us interested in programming... . Thank you! I've taken a java course online before and had a tough time... especially when having to get responses back...	10/1/2014 4:39 PM
393	None	10/1/2014 4:35 PM
394	I think it would benefit the school and students if you closely looked at who is receiving priority on registering for classes and who is receiving financial aid. I have noticed that a lot of students are taking advantage of financial aid, when it is clearly not needed for them and classes are full in the beginning of the semester and then dropped in the middle or end of the semester, leaving students who really need the class unable to take them.	10/1/2014 4:29 PM
395	I found the class I needed at LATTC which is closer to me. I generally enjoy the classes I have done at Valley (regular and ITV.) One thing I don't like is how dark it is at night and the lack of perceivable sherriff's presence.	10/1/2014 3:23 PM
396	Dropped Math 125, due to professor being absent for 1+ month. Brought in sub, Would like a steady teacher for the entire course.	10/1/2014 3:22 PM
397	Needs better educated and nicer professors.	10/1/2014 3:12 PM
398	Have more computer online classes. They fill up fast and there is no adds or a chance to "show up in the first two weeks".	10/1/2014 2:48 PM
399	I think LAVC has good installation, all well as teacher.	10/1/2014 2:34 PM
400	There should be faster service in the [student services building]. Since, sometimes it tends to get crowded and there is short personel i.e (only 2 or 3 persons) on site when there should be more if not preferbaly (the desks should be ALL FILLED).	10/1/2014 2:11 PM
401	Overall I like the process the school has in place. However, due to my strict schedule it is difficult for me to set up appointments with a coueselor.	10/1/2014 1:57 PM
402	I feel doable students are treated with disrespect, and the teaching staff are not familiar with the accommodation s that we are entitled to. We are over look and not heard. It starts with . Thank you	10/1/2014 1:41 PM
403	More online classes would provide better flexibility for my schedule. I work 40 hours a week but my schedule is not consistent. Many people in retail struggle with this.	10/1/2014 1:32 PM

Class Demand Survey - Fall 2014

404	the office keeps telling me that I'm on academic probation but last semester I got straight A's	10/1/2014 1:25 PM
405	I think the college should offer more Grants to financial aid students. Having enough financial aid resources available at this college will enable us to enroll in more classes during the semester. We are cheating ourselves if we do not allow TIME for additional classes we want or need to take during the semester. Time is of essence for students in need of financial assistance.	10/1/2014 1:15 PM
406	Make more courses available during winter session and/or summer session	10/1/2014 1:08 PM
407	Because I work 12 hours a day as a daycare provider I need night courses..most of the full time professors don't teach at night so I am denied an opportunity to get all the classes I want or need	10/1/2014 12:56 PM
408	BATHROOMS ARE DIRTY ..ESPECIALLY THE FORGIEN LANGUAGE ..THERE ARE ALOT OF ANTS EVERYWHERE ..I DONT LIKE THAT	10/1/2014 12:49 PM
409	The adding period should be extended, since some students drop after a month or so their spot should be given to someone else but it's too late.	10/1/2014 12:04 PM
410	I love the school, the Community. It feels like home in a way.	10/1/2014 11:58 AM
411	I think the college is doing a great job! And I know lots of people like weekend/evening/online classes but I really appreciate face to face classes!! And I enjoy being on campus. Cant wait for all the construction to be finished!	10/1/2014 11:02 AM
412	We need more English, math, chemistry and biology classes!!! The selection is very poor and is hindering my success! I couldn't get into English at all this semester or last!!! And I couldn't get into math or Chem or biology!! Help please!! This is absolutely ridiculous!!! I don't know how I'm ever going to be able to finish at this rate.	10/1/2014 10:36 AM
413	Los Angeles Valley College should have more programs, clubs and activities offered. I really enjoy taking my education further at this college	10/1/2014 10:27 AM
414	I am concerned about not having science classes offered at night when I am available to attend; specifically, I want to take geology and geology lab classes.	10/1/2014 10:00 AM
415	Registration for Fall 2014 was way too early. I go to two different schools and the registration for LAVC was before Glendale even had their schedule out. I may have taken more LAVC classes if I was able to coordinate better.	10/1/2014 8:38 AM
416	LAVC has been my home education wise since returning to school over twenty years ago and I thoroughly enjoy coming to LAVC.	10/1/2014 7:32 AM
417	I don't like prerequisite system.	10/1/2014 1:27 AM
418	I would like to have cafeteria at my college. We're eating from the machine and people who making there food they are to clean enough. Please can you solve this issue as soon as possible	10/1/2014 12:40 AM
419	Let's open up the rest of that parking structure.	10/1/2014 12:28 AM
420	None.	10/1/2014 12:00 AM
421	I feel the campus isn't fully wheelchair accessible.	9/30/2014 11:50 PM
422	Seems like there is a lack of places you can get a decent meal or refreshment. The vending machine are really out of date. I like the fact you guys had a food truck on Friday in front of engineering, but never saw them since than.I apologize if I am crossing my line here but since you asked for my feedback , everything else for me has been great this semester. I feel good about coming to lavc 4 days week. thank you	9/30/2014 11:16 PM
423	Going from GCC to LAVC I have experienced a great teaching program that is much more efficient & instructors more involved with their Students at least in my 2 Math Classes..	9/30/2014 11:14 PM
424	If this college would be offering complete Bachelors programs that would be great.	9/30/2014 10:57 PM
425	As an engineering student I feel that the process to fulfill all of the transfer requirements is slow. Perhaps there is a way to streamline the process to allow STEM students to fill the required classes withing 2 or 3 years instead of 4.	9/30/2014 10:49 PM
426	The school needs more than one food truck, or source of food. The lines are too long and students should not be I inconvenienced or go hungry because of the construction. There is plenty of room on campus for another truck, please take a survey and see how some of the other students feel about this issue.	9/30/2014 10:41 PM
427	If it's possible to adjust aid on time.	9/30/2014 10:38 PM

Class Demand Survey - Fall 2014

428	There were not nearly as many students trying to "crash a course" this semester as there were the last time i attended valley college (about 4 semesters ago)	9/30/2014 10:21 PM
429	There should be free tutoring available for all classes and be more advertised Also financial disbursement should be available faster for the students already enrolled. Late disbursement has left me behind by a week gap in my class	9/30/2014 10:20 PM
430	keep up the good work!	9/30/2014 10:05 PM
431	I wish there was more face to face classes.	9/30/2014 9:55 PM
432	It would be amazing if all the LACCD campuses were linked together when it comes to adding courses, financial aid, offices ect	9/30/2014 9:50 PM
433	There should be more classes for the main subject classes like English and Math because too many people get enrolled and there ends up being no seats.	9/30/2014 9:46 PM
434	Going back to college is a dream come true and I appreciate and feel privileged every day I am there. The professors are talented and excellent educators. However, I get anxious at the thought of going to the financial aid office, because they are rude, judgmental and not helpful. My spine tenses up each time I have to go into the office, which is a few times each semester. My visits to the office could be fewer if the staff would be helpful and provide me the correct information. Each time I have visited the office with a concern or a question they have made me feel hopeless and needy as if I were asking them a personal favor. Valley College is a fine institution that helps many people prepare for continuing onto prestigious universities all across the world. It is a shame that all staff don't feel this pride for the community they are part of and the culture they share with many brilliant people.	9/30/2014 9:43 PM
435	I have found it extremely hard to get a science class and with the prerequisite of fundamentals of chemistry it is more cumbersome	9/30/2014 9:24 PM
436	Need to be respectful each other	9/30/2014 8:59 PM
437	There should be more communication on events (arts/sports) students can support and clubs students can join. The atmosphere feels very cold; everyone is very	9/30/2014 8:58 PM
438	You guys are doing a great job. Keep it up!	9/30/2014 8:46 PM
439	no comment	9/30/2014 7:39 PM
440	Last semester, I could not enroll in any English or Biology courses. This semester was so much different. I got the English 101 I needed and the Bio 3 I needed.	9/30/2014 7:26 PM
441	More food trucks should be available for students. Students shouldn't be allowed to watch or play unrelated school things on schools computers when there are several other students who need to do homework or research on the computers	9/30/2014 7:20 PM
442	LAVC is an awesome school. My teachers are awesome. I am taking Cinema 107 with _____ and Communication 101 with Instructor: _____. This is a great quality education. One of the best professors I have met. Thank You!	9/30/2014 7:15 PM
443	The roads on campus are in dire need of repair. The parking pass money should go towards re-pavement of parking lots too.	9/30/2014 6:33 PM
444	It would be helpful if the college kept reasonable hours on Friday. The library should be open on weekends, as well as computer labs. The existing computer lab open on Saturdays should have longer hours and not force the students to leave the lab so they can take a break. Wastes everyone's time and just seems silly.	9/30/2014 6:20 PM
445	I transferred in most of my GE credits, when needing to complete pre-req's for the Nursing program, I had 5 classes left to complete. I could not get into a class for 5 semesters because of my enrollment day & time was so far back, that the 5 classes I had remaining were unavailable. I tried to crash these courses, and still couldn't get in. I was able to only get into a class by knowing faculty that gave me an add-slip prior to the first day of class. Students who have the least amounts of classes to take in order to get into a degree program, such as the Nursing program, should be able to get into these classes QUICKLY in order to move along their academic careers, instead of being stifled by students who take up space on the class roster, than dont even show up to the first class. Its a waste of time, both trying to crash, and then waiting for the entire period to pick a number out of a hat. Its an inefficient way of handling students who want/need classes to get out of the Junior College atmosphere, and onto 4-yr colleges.	9/30/2014 6:12 PM
446	Financial Aid has not sent any letters although when I went to the office all my paper work was complete.	9/30/2014 6:03 PM

Class Demand Survey - Fall 2014

447	Biology 3 and Chemistry 51 are very hard to get.	9/30/2014 5:44 PM
448	LAVC is a wonderful community college, friendly staffs and professors. Only suggestion is to keep tables and microwaves sanitized more frequently for a nice, clean environment.	9/30/2014 5:39 PM
449	I love LAVC. The perfect learning environment.	9/30/2014 5:11 PM
450	I am a U.S. Veteran, and pleased that Valley has a Dept, fo VETS.	9/30/2014 4:47 PM
451	is a friggin treasure. Keep that dude. He puts 90% of the LACC professors to shame.	9/30/2014 4:30 PM
452	Parking lot C next to the AHS is very dirty. And another issue that AC not working good enough when it is extremely hot outside.	9/30/2014 4:26 PM
453	The college needs to clean the bathrooms more often.	9/30/2014 4:26 PM
454	Sometimes the classes are listed as available even if they aren't. A teacher should be able to add you to the class online, it's a lot more paperwork and time by having to turn in a slip. You should have a special section for the honors classes.	9/30/2014 4:25 PM
455	Thanks for assisting us in getting classes that we need!	9/30/2014 4:24 PM
456	The Art 103 professor is very rude, unprofessional, and on the first day of class she showed a video about a video she created about a I took the class with my sister and it was very embarrassing and uncomfortable. Not everyone that takes college classes are 18 and over. She should not show videos like that in class. The video was very unnecessary and had nothing to do with the class.	9/30/2014 4:20 PM
457	It is very frustrating when I add a class with a certain professor, but a week before school starts the professor changes.	9/30/2014 4:13 PM
458	I think there should be a rule about teachers not emailing students if they are not going to be there	9/30/2014 4:13 PM
459	LAVC is a great community college and the renovations are making it even better	9/30/2014 4:11 PM
460	While the move to MyHaiku has been a great experience over the old Etudes system, I still feel like it should be integrated with more classes. There are some teachers who still don't take advantage of it. Also, the online registration system for LAVC is absolutely awful. It looks like it was designed by a toddler and developed by a 12 year-old.	9/30/2014 4:07 PM
461	It is so difficult to enroll for classes at LAVC. To make it worst, one teacher dropped me off from class by mistake because he "thought" that I was not there the first day no matter I signed the attendant list, and all he had to say was "you resolve it" when he could have easily e mailed to the admissions office and ask for reinstatement. The admissions office would not respond by e mail either. To make it even worst, the teacher built a fake e mail response, making it look like if he had responded to my previous e mails regarding to the matter when he never did. I was really disappointed for that teacher's attitude. What respect he is teaching to new generations?	9/30/2014 3:57 PM
462	I find that enrolling is a chase to the finish line as there are never anymore then 3 choices for a class and they only happen early morning, late afternoon and night. Lavc seems to do everything possible to make students not enroll.	9/30/2014 3:54 PM
463	You need to support the arts more, and stop cutting money from them to line your pockets, stop being greedy! You need to respond to emails, and hire people who will actually care about the students/do their jobs! They need to stop being so rude/liars! You also need to get people their fafsa money on time, not a month or two months late.	9/30/2014 3:50 PM
464	there were at over 30 trying to add Chemistry 68 class section #7404. LAVC should add more sections for this class since it is a requirement to transfer.	9/30/2014 3:48 PM
465	You need to add more technical Computer classes.	9/30/2014 3:38 PM
466	I tried to go to the English tutoring room ones but I find out the you have to make an appointment first; and this can't be done a day before. You have to call or show up the very same day to get an appointment for that day only, not for another day. That is why I decided not to go any more. I believe that for the students convenience the English tutoring Lab should be open without appointment any day and at any time as the Math Lab. Math lab is wonderful and everybody there helping the students;that is what keeps me going there every day. Math Lab is amazing, you just show up with your student ID and that is it; and the tutor there, wow! When they are explaining to me is as if they are writing on my brain everything they're saying. I thank you for that LAVC.	9/30/2014 3:36 PM

Class Demand Survey - Fall 2014

467	Chemistry classes are ridiculously hard to get into. My daughters are high school age, and are precluded from registering early. There's a serious bottleneck in Chemistry, which means that a large number of students can't enroll in class... and a larger number are discouraged from even trying. It's a shame.	9/30/2014 3:22 PM
468	I wish the higher level classes weren't at the same time. I would have taken the genres class (Cinema 102) but it was at the same time as the sound class (Media Arts 110)	9/30/2014 3:19 PM
469	the book store prices are 2 to 3 times more expensive for the text books than anyplace else.	9/30/2014 3:15 PM
470	To be fair I'm in the nursing program and had no control over my fall schedule, the department assigned my classes.	9/30/2014 3:15 PM
471	It is extremely difficult to add classes. Please make more online classes available and 10 AM classes. I have been trying to add English 101 for the past 3 or 4 semesters and still have not been able to get it.	9/30/2014 3:14 PM
472	I am very bored in my classes and am hoping to transfer ASAP	9/30/2014 3:13 PM
473	We have very dirty classrooms in the college.	9/30/2014 3:12 PM
474	Major classes should be given priority to people whose major that is. I was nearly unable to get my most important class because so many people were enrolled in a majors class that it wasn't their major.	9/30/2014 3:10 PM
475	In order to make parking easier. I would make ethel a one way street. everyone enters from one side (north or south) and exits the other when leaving campus. and have pathways built over the road so students can walk without halting the flow of traffic and creating unnecessary congestion. and give a parking closest to buildings to the handicapped and able faculty and staff because of course a handicapped student, staff/faculty, or visitor wont be walking up stairs to cross ethel to go from parking to campus buildings.	9/30/2014 2:21 PM
476	Many students are having problems with their financial aid. I recommend that the office sends emails through our student emails indicating problems or important notices. Everyone deserves financial aid and deserves the help to get it on time.	9/30/2014 1:41 PM
477	more classes for science classes!!!!!!!!!!!! not mon- thursday! in 2 days!	9/30/2014 1:34 PM
478	im trying to complete my educational goal of achieveing my BA degree in liberal arts	9/30/2014 12:39 PM
479	HAVING A GREAT TIME!!	9/30/2014 12:28 PM
480	I love Valley College - the grounds are beautiful & shady & I always feel at home there. Although Pierce has been good to me it is so HOT & no mature trees to speak of - also the classes at Pierce are so far away from most of the parking causing the student to allow an extra 15-20 minutes to walk across campus.	9/30/2014 12:19 PM
481	evaluate student's response to instructors methods of teaching. some instructors take into consideration the overall speed of learning of the class, other instructors ramble through sections with no real comprehensive teaching practices.	9/30/2014 11:46 AM
482	I am homeless	9/30/2014 11:35 AM
483	n/a	9/30/2014 11:34 AM
484	Valley disappoints too much and it considering it holds my future in its hands with these classes . The only good thing is the nice library and it's not even open when needed. What about us who take night classes or need somewhere to study on weekends - ____ -	9/30/2014 10:49 AM
485	You closed computer lab in Journalism building. This lab was very convenient to all students. The lab provided the possibility to work on computers with Quick book program. Now you have only a few computers in the library and they are usually taken by other students,	9/30/2014 9:39 AM
486	None :)	9/30/2014 8:18 AM
487	Schedules for upcoming semesters should be out ahead of time for a better student education planing.	9/30/2014 7:49 AM
488	N/A	9/30/2014 4:10 AM
489	Although a lot of students prefer a online only course. The degree of education from these is not always the best, as the ability to cheat on tests becomes prevalent with no watch dog capabilities do to the infringement of the right to privacy.	9/30/2014 1:37 AM

Class Demand Survey - Fall 2014

490	There are many business majors at the school and both Calculus for Business and Statistics are required and there was only ONE Business Calculus class offered this semester. I also tried to add 2 other Statistics classes. All three classes had over 30 other students trying to add. I even went to another college to try to add the Calculus class and I was so far behind after missing the first week I wasn't able to add the class. This has put me a semester behind in my plan and it will also cost me more money because my Student Aid will change next year. This is a huge disruption in my life and will likely change many of my future plans.	9/30/2014 12:17 AM
491	N/A	9/29/2014 11:44 PM
492	Just Thank You for your hard work!	9/29/2014 11:08 PM
493	please move me up higher on the priority list, I don't want to wait for the first day to add classes, I'm sure you guys get tons of comments from surveys everyday, and when you get to this one you're probably already sick of these. but even so, it's still worth a try on my part.	9/29/2014 11:07 PM
494	I always get an email when it is ready to enroll and I didn't get it this time making it hard to get the classes I wanted. Also I am taking a class at night and the janitorial service is horrible! The bathrooms are disgusting and not properly stocked and if you lay your book bag on the floor it gets dirty!	9/29/2014 10:44 PM
495	I love the staff!!!	9/29/2014 10:14 PM
496	I think you guys should make a cafe or somewhere where anyone can eat not a simple truck where students struggle. That's another reason why I prefer Pierce College as well.	9/29/2014 9:38 PM
497	school needs an updated system.	9/29/2014 9:23 PM
498	I Believe that taking the General Education classes are a waste of my time since I already know what kind of career I want to pursue. And the General Education Classes are not going to teach me anything that im going to use in my field of work or future.	9/29/2014 8:29 PM
499	My English 101 teacher is the worst teacher I've ever encountered. She's unqualified, unorganized, doesn't have a lesson plan in place and doesn't follow a syllabus. Students are withdrawing from her class due to their frustration and her inability to provide a structured format for anyone to follow. I'm miserable and confused by watching her try to "wing it" as an instructor. I know I'm not getting the tools necessary for my next English class from her.	9/29/2014 8:16 PM
500	I would find it helpful to have the Math lab available for those of us that work from 8 to 5	9/29/2014 7:59 PM
501	I love valley college	9/29/2014 7:56 PM
502	Make sure teachers don't add more people than there are seats!	9/29/2014 7:44 PM
503	Library and computer labs need to be open from 8am - 9pm 5 days a week and also weekend hours on Saturdays and Sundays. More access to college resources.	9/29/2014 7:01 PM
504	I'm so happy at LAVC and I feel with a great motivation and gratitude...Thanks LAVC	9/29/2014 6:48 PM
505	Does valley college have honors classes ???	9/29/2014 6:31 PM
506	The college seems unwilling to help students who genuinely desire success. Regardless of their grade level or age, all students should be able to add the classes they need. Even though high school students are not full-time students, they should be able to add classes online like EVERY OTHER STUDENT. There should also be an opportunity for all students, full or part time, to fill out anonymous surveys concerning the teaching abilities of their professors. The survey should be easy to reach, not listed at the bottom of an obscure part of the college website. Thank you!	9/29/2014 6:27 PM
507	I have not tried to get into math and English classes because I have not taken the placement tests and because I am scared about not getting in because I have heard from every person I have talked to that those are the hardest classes to get	9/29/2014 6:26 PM
508	I was not able to receive financial aid due to me going to the hospital for a cancer that I had. A tumor had grown in me and I had it taken out and it took a lot of my school time and I could not have gotten my high school diploma because I was staying at the hospital and going through two surgeries. The school needs to appreciate and have respect for students who have disabilities and accept the fact for the time consumed and give in order to receive the work back.	9/29/2014 5:36 PM
509	You guys should have proper working air conditions and cleaner bathrooms. Air condition is very important during the hot summer months, nobody wants to come to school and sit in a hot class, you can't expect students to focus and teachers to enjoy teaching if the rooms are very uncomfortable and hot.	9/29/2014 5:09 PM

Class Demand Survey - Fall 2014

510	You should try to add more English and math classes because they are impossible to get into.	9/29/2014 4:44 PM
511	Broadcasting classes should be also offered during winter and summer	9/29/2014 4:02 PM
512	I attend Pierce as well and noticed that calculus track is different at Valley.	9/29/2014 3:59 PM
513	I love that lavc has classes online but would love more if there were math courses online.	9/29/2014 3:59 PM
514	There are too few evening classes whereas the morning classes have more options in terms of when to take the class and how long classes are.	9/29/2014 3:55 PM
515	Need more space for classes	9/29/2014 3:42 PM
516	Valley College should offer more Chemistry and/or more Science classes that are needed by students majoring in respective courses or students that need to complete their 60 units to transfer.	9/29/2014 3:40 PM
517	I think you college needs no fire professor , because someone like her can't teach students English 21, the way she was writing me back it wasn't right, and she's not trying to help her students with there questions, very mean and not professional, college sometimes needs to go check my professor website and read all the comments, trust me after that you'll understand me	9/29/2014 3:33 PM
518	Try not to use websites online for homework. It takes a lot of time and waste of money just to get on a website. Textbooks are better.	9/29/2014 3:33 PM
519	If I had seen the Pierce College catalog before enrolling at Valley I would have gone there. The courses offered for history and anthropology are much more topic specific and numerous. Such as GIS certification, History of Asia, History of Africa, etc.	9/29/2014 3:28 PM
520	First of all you guys 2nd because of you guys I could not complete My AA on time. Overall LAVC is going down because students can not add classes. . All my friends are going from north hollywood to. LACC , the rest i will leave for you to decide. This semester because of you policy. Which was NOT WRITTEN ANYWHERE. I got 3 W's . LQVC left bad taste in my mouth .	9/29/2014 3:21 PM
521	Audit Professor s class	9/29/2014 3:06 PM
522	I would like to say that the class dismissal should be earlier than 9:55pm. I just think it's not safe for students to be walking out of the campus that late. LAVC should make it 930pm, at least. Especially, something not good happened there not too long ago.	9/29/2014 3:04 PM
523	I believe the physical science department has less funding in comparison to other colleges. Also, that affects the opportunity for the college to be a lead in the student development in the sciences. I think the college should consider apply to be a partner with NASA and the JPL for the SIRI program giving science students the chance to develop on their careers further	9/29/2014 3:04 PM
524	I wanted to enroll in classes not specified, I could not remember the title of the courses, however, I do know they are electronics courses.	9/29/2014 3:03 PM
525	There are rooms that are with bigger capacity not being used for most in demand subjects.	9/29/2014 3:01 PM
526	there any way that need help with the cost of the textbook. The textbook is too expensive for me and I don't have money for that	9/29/2014 2:59 PM
527	No	9/29/2014 2:53 PM
528	student id number is NOT anonymous	9/29/2014 2:53 PM
529	I really liked how you posted the listen of Open Classes on the website before the semester started. That really helped in registering for classes. Thank you for that.	9/29/2014 2:49 PM
