ABOUT HYBRID AND ONLINE CLASSES

VCAP offers both Hybrid and Online classes

Hybrid classes offer the flexibility of face-to-face and online instruction. The students and instructor meet part of the time in the classroom, on the LAVC campus, and the balance of the class is taught via the internet. Each class varies in the amount of online vs. face-to-face instruction. It is recommended you contact your instructor before the class starts, if you have any questions or need the instructors' contact information, visit Virtual Valley website at <http://www.lavc.edu/virtualvalley/index.htm>.

Online classes are taught entirely via the internet. Each instructor teaches online classes differently, and some may require the class to meet in person for an orientation or to take exams. Email each instructor, before class to find out more about the class.

For Help: There is a help desk that can assist you if you are having trouble with your Hybrid or Online class. The Help Desk is located in the Business Journalism Building, Rm. 103. Email: etudeshelp@lavc.edu. Phone: (818) 778-5834.
