About Hybrid And Online Classes

- **Hybrid classes** offer the flexibility of face-to-face and online instruction. The students and instructor meet part of the time in the classroom, on the LAVC campus, and the balance of the class is taught via the internet. Each class varies in the amount of online vs. face-to-face instruction. It is recommended you contact your instructor before the class starts. To learn more about hybrid/online classes, please visit <http://www.lavc.edu/virtualvalley/studentresources.htm/>. Please check with them before the class starts.
- **Online classes** are taught entirely via the internet. Each instructor teaches online classes differently, and some may require the class to meet in person for an orientation or to take exams. Please check with them before the class starts.
- **For help with your hybrid/online class** you can contact the Help Desk. The Help Desk can be reached by going to the Business Journalism Bldg., Rm. 103 by phone at (818) 778-5834, or email at <http://www.lavc.edu/virtualvalley/helpdesk.htm>.
