

**Los Angeles Valley College
Course Level Student Learning Outcomes (SLO)**

Course Name and Number: French 10 - French Civilization

Course Objectives: (List the course objectives as they appear in the course outline of record.)

1. Identify the formative cultural achievements of the French and Francophone peoples.
2. Recognize the physical and cultural geography of France and Francophone nations and regions, their demography, cultural iconography, history and traditions.
3. Distinguish France's cultural heritage and the role of France and Francophonie in the contemporary world and apply this knowledge to interpret current affairs.
4. Analyze French cultural responses to Western attitudes through critical thinking, discussion, comparison of sources, documents, and responses.
5. Appraise the great ethnic and cultural diversity of the French-speaking world and express how this knowledge enhances his/her own cultural understanding of the world.

Establish 1–2 course level student learning outcomes and indicate how each SLO will be assessed.

Course Level Student Learning Outcome	Assessment Measure
Students will be able to recognize and distinguish the main traits of the culture and civilization of France and the Francophone world throughout its history.	Evidence of mastery of this SLO may include (but it is not limited to) exams and /or the research of historical or cultural topics, reports or presentation in print and /or electronically (PowerPoint presentations or websites, etc.). A cultural rubric will be developed to assess the students' output.
