

**Los Angeles Valley College
Course Level Student Learning Outcomes (SLO)**

Course Name and Number: History 7

Course Title: The World's Great Religions

Course Objectives: (List the course objectives as they appear in the course outline of record.)

- A. Compare and contrast the beliefs and sacred texts of the world's major religions.
- B. Describe the origins and historical development of the world's major religious institutions.
- C. Evaluate the impact of religious belief on human behavior throughout history.
- D. Analyze the impact of the spread of the major religions throughout the various parts of the world.
- E. Describe how the political, social and cultural institutions of the various peoples have been influenced by their religious concepts.

Establish 1–2 course level student learning outcomes and indicate how each SLO will be assessed.

Course Level Student Learning Outcome	Assessment Measure
Analyze the impact of the development and transmission of world religions on historical and current events.	Students will write essays. For example: "What are the effects of the development of the world's major religions on various political and social institutions?" A grading rubric will be used to evaluate the essays.
