

**Los Angeles Valley College
Course Level Student Learning Outcomes (SLO)**

Course Name and Number: Jewish Studies 8/ Yiddish 2

Course Title: Elementary Yiddish II

Course Objectives: (List the course objectives as they appear in the course outline of record.)

- a) Demonstrate familiarity with higher level vocabulary, grammar, and syntax of standard Yiddish as described in Course Content and Scope, opposite.
- b) Demonstrate higher level receptive skills in listening comprehension and reading of standard Yiddish (see course content opposite).
- c) Demonstrative higher level productive skills in speaking and writing standard Yiddish (see course content opposite).

Establish 1–2 course level student learning outcomes and indicate how each SLO will be assessed.

Course Level Student Learning Outcome	Assessment Measure
Using the vocabulary, structures and alphabet learned, students will be able to perform elementary communicative functions in Yiddish at a higher level of performance than Yiddish 1.	Students will have assignments that require them to write and speak in Yiddish. A linguistic rubric will be used to assess the students' work.
