

**Los Angeles Valley College
Course Level Student Learning Outcomes (SLO)**

Course Name and Number: Personal Development 1: Introduction to College

Course Objective: (List the course objectives as they appear in the course outline of record.)

- **Student will design his/her own student educational plan.**
- **Student must apply knowledge of academic programs and demonstrate understanding of key educational planning concepts in order to create an accurate and viable individualized student educational plan.**
- **Final exam and assignment of individualized educational plan. Student may be assigned additional educational planning exercises and a library exercise as well.**

Establish 1 -2 course level student learning outcomes and indicate how each SLO will be assessed.

Course Level Student Learning Outcome	Assessment Measure
Students will be able to study effectively, plan their academic career, and incorporate campus resources.	1) Student will be able to construct a six-semester educational plan. Ed. plan will be evaluated in context of major.
	2) Standard written test procedures, students will be able to identify various campus resources appropriate to need. (A check list will be used for evaluation).
	3) Students will be provided scenarios and will outline various study techniques. (A check list will be used for evaluation).

Provide an assessment plan/timeline:

Counseling Department will meet regularly (2008 - 2009) to review/revise/refine course outlines and SLO statements.
