 - Noncredit Taskforce Recommendations – The revised recommendations were discussed. The committee noted that it seems odd to have the noncredit certificates transcribed with no supporting courses as being successfully completed. The chair was asked to again make the suggestion of a separate noncredit transcript where the successful courses and certificates could all be transcribed separate from the credit transcript.
 - Board Rule 6201 Changes – The committee was asked to review the draft board rule and bring back comments or concerns.
 - New E-Reg: Independent Study – The committee was asked to review the proposed E-Reg and bring back comments or concerns.
 - New E-Reg: Course Repetition in Activity Courses – The item was removed as there are changes proposed in part 2 of the Title 5 changes under consideration this spring that may alter this policy again.
