ae) MSP (Arshagouni/ Stein) to approve Procedures for High School Articulation Agreements and Agreement Form (1 opposition)

III. Discussion Items

a) Creation of an Environmental Literacy & Sustainability Addendum

DCC referred the definition of Environmental Literacy & Sustainability to the district-wide Sustainability group along with the idea of including a question in the outline. In the meantime, the committee agreed that creating an addendum might be a way for us to go so we can quantify what courses include this.

b) Role of the Department Chair in ECD Approval

The Department Chair should act as the facilitator of ideas (not a gatekeeper), be the representative of discipline faculty, make sure the ECD is complete (all questions that are applicable were addressed, attachment are included, etc), provide general guidance and direction on how address comments from tech review to maintain consistency. For now and when we hopefully get electronic discipline approval, the following statement was approved:

“The Chair does not have the right to ignore or discard a course outline submitted by a faculty member and approved by a majority of the discipline faculty.”

c) Fall Meeting Schedule

We will continue on the 2nd and 4th Wednesday's of each month at 1:15 in the Faculty Lounge.

d) Terms Ending – Michael Avila & Pat Calder

Pat Calder will continue.

Ron Reis to continue in Mike Avila's place.
