Mission Statement: Los Angeles Valley College is a comprehensive community college located in the center of the San Fernando Valley. The College serves the community by providing transfer, degree, career-technical, foundational, transitional and continuing education programs in an attractive and accessible learning environment that fosters student success. Embedded in these programs are the greater goals of critical thinking and life-long learning which are necessary for success in the workplace and for advancing one's education, personal development and quality of life.

III. Discussion Items

a) New E-Reg on Transfer Degrees

A proposed new E-Reg was discussed on SB 1440 policies and practices. Feedback was provided to take back to DCC.
