III. Discussion Items

a) Study Away – Washington DC Update 2012 Trip

Due to problems with the recommended vendor, the trip needs to be shortened by 2 days to accommodate reasonable pricing with the new vendor. The days will come from the “free excursion” days that were planned. The content and planned excursions will still be able to take place within the shortened time frame.

b) Program Description Form

The first had the statement “which may include the goals or outcomes of the program” added at the end of the sentence. It was agreed that we needed a note about what to do if a description already existed in the catalog. A due of the end of Fall will be added. The form will be modified and distributed at Chairs & Directors in September.

c) Subcommittee Assignments

Academic Standards Subcommittee was made a standing committee to be formed as needed. Becky Frank will replace Sheri Berger on the DE subcommittee. Argelia Andrade will fill the vacant seat on the Study Away Committee.
