### **Club Purpose:**

Everyone should be able to live a full and dignified life. The mission of the Los Angeles Valley College Young Democratic Socialists of America shall be to educate and organize students, faculty, and college staff into a broader coalition of people united to create a more powerful front against the worst capitalism has to offer. We aim to play a helpful and principled role in the local, national, and global movement for social change. We strive for systematic change that seeks to abolish oppression in all its forms by extending democracy into all aspects of life: social, political, and economic. A better world is possible.
