

## Meet your Accounting Tutor Gregor Chitchyan!

Hello, my name is Gregor Chitchyan and I've been working at LAVC General Tutoring for the past two years. I'm currently a Business Economics student at UCLA pursuing a career in Accounting. I tutor both Accounting 1 and 2 with a strong passion of helping students through the many hardships I experienced while taking these courses. I've lived in the Valley all my life and have grown to love the community that I am a part of.
