Subject: FW: From LAVC - LACCD to transition to online education / COVID-19 Update

Date: Wednesday, March 11, 2020 8:34:04 PM

Dear Monarchs,

I know that everyone received a message from the District announcing the transition of many courses to online delivery. In addition to this message to staff, the message below was sent to all students this evening. I wanted to forward it to you all to keep you in the loop. More details will continue to be worked out in the next few days and sent out to you.

I'm certain that there will be many emerging issues in this transition. Please continue to send us your questions, concerns, and ideas for how to make the transition as successful as possible. We will do our best to work through all challenges.

Thank you!

Subject: From LAVC - LACCD to transition to online education / COVID-19 Update

Los Angeles Valley College

Dear Barry,

I want to follow up with important information on Coronavirus/COVID-19 and information previously sent out to you. The health and safety of our campus community is of the highest priority. The following is updated information:

- **LA Valley College remains open.**
- For this week only, all classes will be on their regular schedule through Saturday, March 14.
- **All in-person classes held at the Valley College campus are canceled for Monday, March 16 and Tuesday, March 17.**
- **Beginning on Wednesday, March 18, the majority of classes will be moved online and accessed through Canvas.**
- Not all classes will be shifted to an online format.

We will share specific information with you no later than Monday, March 16 about which classes will be online and which classes will be kept in their original in-person format. All SSD (DSPS) students will be contacted separately with information on accommodations.

We understand that some of you have concerns about the change to online classes. We will provide you with all of the assistance you need to make a successful transition. More information about these resources will be shared with you by Monday, March 16. Please continue to look online at www.laccd.edu/coronavirus for the latest updates from the District.

We will also have a special toll free Call Center at (844) My LACCD or (844-695-2223) to help you. The Call Center will be open beginning Wednesday, March 18.

I want to express my appreciation for all those who are working diligently on this transition in these challenging times. If you are having any difficulty accessing the class materials or maintaining enrollment as a result of the coronavirus, we want to know! We are available to work through your specific concerns. We will also continue to regularly communicate with you so please check for messages. Nothing is more important to us than your health and safety and your educational success.

Thank you.

Barry Gribbons
President
Los Angeles Valley College
