Service Area: SERVICE LEARNING	Semester/Year: 2012-2013
Division:	
<input checked="" type="checkbox"/> Academic Affairs <input type="checkbox"/> Admin Services <input type="checkbox"/> President's Office <input type="checkbox"/> Student Services	

Department Description: Service Learning links students as volunteers with non-profit agencies. Through volunteer service, students gain valuable practical experience that can be related to any class.

Service Outcome	Evaluation Strategies
1. Counselor will arrange and maintain volunteer opportunities for student service learning experience.	Volunteer agencies will be tracked and evaluated. Students and faculty will be surveyed about availability of agencies.
2. Counselor will assist in placement of students with appropriate agencies and their hours documented.	Audit of student forms. Students will be surveyed about their agency placement.
3. Counselor will help students recognize the connection between courses of study and service learning leading to improved student success and retention	Retention and success rates of service learning students will be compared with those not in the program.

Learning Outcome	Evaluation Strategies
1. Students will learn to become a valuable para-professional contributing to the function of a non-profit community-based agency.	Students and supervisors at the volunteer agencies will be surveyed.
