

Los Angeles Valley College
Mathematics 110
Introduction to Algebraic Concepts (5 Units)
Spring 2016

Section#: 1377

Class Hrs: MTWTh 11:20 – 12:30pm

Room: MS107

Instructor: Yuriy Sokolovskiy

Office & Phone #: MS104C; (818)947-2853

Drop-in Hrs: MTWTh 12:30-2:30 pm

Email: SokoloYL@lavc.edu

COURSE INFORMATION

Catalog Description: This course covers topics beginning with arithmetic through beginning algebraic concepts in preparation for Elementary Algebra. Topics include operations on whole numbers, fractions, decimals, and integers; order of operations; ratios, proportions, percents, and applications; perimeter and area applications; and simple algebraic expressions and equations. Basic word problems that embody these concepts are included throughout the course.

Prerequisite: None.

Student Learning Outcomes: Upon completion of this course, students will be able to perform arithmetic operations on signed numbers. Also students will be able to think analytically at a level appropriate to pre-algebra.

Textbook: *PreAlgebra*, 7th Edition, Elayn Martin-Gay

Important Dates: Last day to Add or Audit— 2/19/2016;
Drop classes without receiving a “W”— 2/21/2016;
Drop classes with a “W”— 5/8/2016.

COURSE COMPONENTS & GRADING

Materials needed: Textbook or e-text, 2 notebooks, pencil and eraser to be brought to class every day.

Calculator: No Calculator is allowed for this class.

Homework: will be assigned daily, and it is expected to be done daily. You should have a separate notebook just for this purpose, different from your lecture notebook. Organize your work and label them clearly by section number. Homework notebooks will be collected on exam days at the beginning of the exam and I will check and grade your work only for completeness. You can ask homework questions in class, consult me during posted office hours to receive individualized help or you can drop by at **Math Lab in LARC 226** for FREE tutoring services. **No Late Homework will be accepted under any circumstances.** Your homework knowledge is tested via quizzes.

Quizzes: There will be **weekly quizzes** administered at the beginning of the class. The lowest two grades will be dropped. **No makeup quiz will be given under any circumstances.** Quizzes are designed to test your knowledge of the homework that has been assigned the week before.

Exams: There will be **5 exams** already scheduled on the calendar. Your lowest score will be dropped. Your lowest score will be dropped if you attend all lectures and turn in **all** homework. There are **no makeup** exams.

Final Exam: The Final Comprehensive Exam is on **Wednesday June 1st 10:30am-12:30am**. The final exam is an accumulation of all the homework, review sheets and tests throughout the semester so it is imperative that you learn from your mistakes by reviewing the graded tests carefully.

Embedded Essential Study Skills: There will be 8 Study Skill sessions with worksheets to be completed in class. These will help you become a more successful college student.

Extra Credit Opportunities: You can participate in Math 110 Path2Success weekly workshops on Fridays 10-11:30am at **LARC 212** and as well as class discussions to practice your skills and earn up to 5% towards your final grade.

Possible Points & Grading Scale:

Homework	10%	A	90-100%
Quizzes	25%	B	80-89%
Exams	35%	C	70-79%
Final Exam	30%	D	60-69%
		F	59% and below

CLASS POLICIES

Attendance Regulations: The only students who may attend classes are those who have been admitted to the college and are in approved active status. Students are expected to attend every meeting of all classes for which they are registered. Violation of this regulation may result in exclusion from class as specified in Administrative Regulation E-13. Provisions of Administrative Regulation E-13 include the following:

1. Students who have registered for a class and who do not attend the first meeting of the class forfeit their right to a place in the class. Special circumstances may be considered by the instructor.
2. Whenever absences in hours exceed the number of hours the class meets per week, the instructor will consider whether there are mitigating circumstances which may justify the absences. If the instructor determines that such circumstances do not exist, the instructor may exclude the student from the class.
3. Three cases of tardiness may be considered equivalent to one absence.
4. It is the student's responsibility to consult with an instructor regarding any absences that would alter the student's status in the class. Students enrolled in a course who fail to attend the first class meeting may be dropped from the course by the instructor. Students who will miss the first class meeting must advise the instructor of the absence prior to the first class meeting in order to be assured that they will remain enrolled in the class.

Students are ultimately responsible for dropping the class should they choose to do so. Failure to do so may result in a grade of "F" in the class.

Student Conduct: Students are expected to adhere to all district policies as described in the LAVC Schedule of Classes. All cell phones should be **turned off or set on silent mode**. You are expected to demonstrate respect and consideration towards your peers and instructor. **Students who use the cell phone or students who persist in talking during the lecture may be removed from the class for that day.**

Plagiarism and Academic Dishonesty: Plagiarism is the use of others' words and/or ideas without clearly acknowledging their source. When you incorporate those words and ideas into your own work, you must give credit where credit is due. Plagiarism, intentional or unintentional, is considered academic dishonesty and is not tolerated. Anyone found to be plagiarizing or cheating on assignments (e.g., copying or giving answers, using 'crib' sheets, etc.) will (1) receive a zero (fail) on the assignment, and (2) be referred to the Vice President of Student Services for further disciplinary action, following due process. For further information on plagiarism, go to the Writing Center website (<http://www.lavc.edu/writingcenter/handouts/plagiarism.html>) and refer to the STANDARDS OF STUDENT CONDUCT AND DISCIPLINARY ACTION in the current Schedule of Classes and Catalog.

Religious Holidays: Accommodations will be made for religious holidays if 2 week notice is given.

Tutoring Lab: Students are encouraged to seek help at the Math Tutoring Lab in LARC 226. (2nd floor library) One on one tutoring is available at the Math Tutoring Lab – call (818)947-7263 for an appointment.

SSD Students: If you are a student with a disability requiring classroom accommodations, and have not contacted SSD, do so in a timely manner. SSD is located in the Student Services Annex, Room 175 or call SSD at (818) 947-2681 or TTD (818) 947-2680 to meet with a SSD counselor. If SSD has already sent the memo to instructor confirming accommodations required by student for this class, please meet with me to discuss arrangements.

Financial Aid: Financial Aid is available! Call (818) 947-2412 or go to the Financial Aid Office on the first floor of the Student Services Center. For more info: <http://www.lavc.edu/financialaid/index.html>.

DISCLAIMER - ADULT CONTENT IS COVERED IN THIS COURSE: Please be advised that you have enrolled in a college-level course. The content of the course, and the discussions surrounding the lessons, may contain controversial, sexual, religious and political content, or otherwise thought-provoking topics. We reserve the right to edit inappropriate language that may appear in this course.

DISCLAIMER – SUBJECT TO CHANGE: Please be advised that this syllabus is subject to change at any time at the sole discretion of the instructor.

Math 110 Spring 2016 Mondays - Thursdays Daily Schedule

Weeks	Mondays	Tuesdays	Wednesdays	Thursdays
Week 1 2/8-2/11	Syllabus 30 minutes study skill	1.2 place value 1.3 Additional & Subtraction	1.3-1.4 Rounding & Estimating	1.5 Multiplication
Week 2 2/15-2/18	President's Day No Class	30 minutes study skill Section 1.6 Division	1.7 Exponents & order of operations	1.8 Introduction to Variables, Algebra Expressions, & Equations
Week 3 2/22-2/25	30 minutes study skill Ch. 1 Integrated Review	Exam 1 (Ch. 1)	Section 2.1 Introduction to Integers	Section 2.2 Adding Integers
Week 4 2/29-3/3	30 minutes study skill Section 2.3 Subtracting Integers	Section 2.4 Multiplying & Dividing Integers	Section 2.5 Order of Operations	Section 2.6 Solving Equations
Week 5 3/7-3/10	30 minutes study skill Ch. 2 Integrated Review	Section 3.1 Simplifying Algebra Expressions	Section 3.2 Solving Equations: Review of the Additional and Multiplication Properties	Section 3.3 Solving Linear Equations in One Variable
Week 6 3/14-3/17	30 minutes study skill Section 3.4 Linear Equations in One Variable and Problem-Solving	Section 3.4 Continue problem-solving	Ch. 3 Integrated Review & Exam 2 Review	Exam 2 (Ch. 2-3)
Week 7 3/21-3/24	30 minutes study skill Section 4.1 Introduction to Fractions and Mixed Numbers	Section 4.2 Factors and Simplest Form	Section 4.3 Multiplying and Dividing Fractions	Section 4.4 Addition and Subtracting Like Fractions
Week 8 3/28-3/31	30 minutes study skill Section 4.4 LCD	Section 4.4 LCD continue Section 4.5 Adding and Subtracting Unlike Fractions	Section 4.5 Continue Adding and Subtracting Unlike Fraction	Cesar Chavez Day No Class
Spring Break 4/4-4/7	Spring Break No Class	Spring Break No Class	Spring Break No Class	Spring Break No Class
Week 9 4/11-4/14	Section 4.6 Review order of operations	Section 4.7 Operations on Mixed Numbers	Section 4.8 Solving Equations containing Fraction	Exam 3 Review
Week 10 4/18-4/21	Exam 3 (Ch. 4)	Section 5.1 Introduction to Decimals	Section 5.2 Adding and Subtracting	Section 5.3 Multiplying Decimals and Circumference of a Circle
Week 11 4/25-4/28	Section 5.4 Dividing Decimals	Section 5.5 Fractions, Decimals, Order of Operations	Section 5.6 Solving Equations of Decimals	Section 5.6 Solving Equations of Decimals
Week 12 5/2-2/5	Section 6.1 Ratios and Rates	Section 6.2 Proportions	Section 6.3 Proportion & Problem Solving Section	Section 6.4 Square Roots and the Pythagorean Theorem
Week 13 5/9-5/12	Exam 4 Review	Exam 4 (Ch. 5-6)	Section 7.1 Percent, Decimals, & Fractions	7.2 Solving Percent Problem with Equation
Week 14 5/16-5/19	Section 7.3 Solving Percent Problems with Proportion	Section 7.4 Application of Percent	Section 7.5 Percent and Problem Solving: Sales Tax, Commissions, and Discount	Section 7.5 Percent and Problem Solving: Sales Tax, Commissions, and Discount
Week 15 5/23-5/26	Section 7.6 Simple Interest (No Compound Interest)	Exam 5 (Ch. 7)	Final Review Review Ch. 1-4	Final Review Review Ch. 5-7
Week 16 5/30-6/2	Memorial Day No Class	Final Exam week
