25	The lack of adequate lightning on campus makes me feel very unsafe at night. There are areas on campus, like the Campus Center or AHS building, that have little to no lighting. It may increase the chance of someone committing a crime against a student.	3/20/2014 9:16 PM

54	The parking lot on the corner of Oxnard and Fulton. I was walking to my car, to that parking lot, when a male student came out from behind those tall bushes, he gave me and I frightened him because we both were not aware of each other until our paths met. Those bushes are nice but they should be trimmed down or removed for safety reasons, lighting that area and those bushes wouldn't matter because it still causes blind spots. It almost remains me of the long corridors in the New York subways where the is a sharp turn and you don't know if there's someone there. Don't get me wrong, I love greenery and the trees do not appear to pose a student safety issue but those bushes certainly do. If you want to ask me questions you may call me at	3/19/2014 12:27 PM

I park across from the student parking along the extension and I don't feel safe at night because my entire walk from the moment I leave the Business Journalism building is completely dark. Usually I see police driving around which is the only reason I'm willing to make the walk, but I also feel that it's necessary to stay on the phone with someone while walking to my car to know if anything happens to me.	3/11/2014 10:49 PM

Also, there are certain areas around campus during evening classes that are not well-lit or not lit at all (administrative offices/south of library/BJ building/etc.). Also As Faculty I frequently must work late into the evening - leaving the building after dark. I have been concerned especially when I have had to park in the area off of ethel and burbank where high bushes are present to hide the parking area. and bungalows are easy hiding places. 342	In the classroom. I had an incident when one student had a restraining order against another student. Both in my class. I called campus police and was assured campus police would be there at beginning of class. They weren't. They showed up 15 minutes into class and were more interested in serving this guy papers than in my students and my safety. I'm glad to see since then they are doing some active shooter training. I'd like to see situations like mine taken more seriously.	3/10/2014 11:36 AM

353	I arrive to school very early due to a long commute. I park by the allied health building on the old tennis courts. Several times I have had people walk up to me in my car drunk, belligerent irritated. There is no one around and no "button" to push if I need help. If I park further away near the sheriff then I have to walk down the street alone where I have seen many people walking who are again drunk. I choose to be closer in stead of walking further. Either way I have no safety net. The people that have approached me and my car have hit my car, cursed and yelled. As a female all I can do is drive away. If I have to park remotely I go to starbucks and wait. It just isn't safe and in the morning I have never seen any patrolling in any lots that I park in.	3/10/2014 11:19 AM

533	Pretty much anywhere on campus is unsafe and we have no Sheriff's presence. I think we need to get the LAPD back at LAVC. Our past Sheriff was not reachable by phone or email and the cadets answering phones are not properly trained. There are skateboards running over students and staff and the cadets just keep driving in their little carts and so do the Sheriffs. When you tell them about all the illegally parked students in the faculty/staff lots, they keep driving in their cars and say they will send a cadet. My car has been vadalized to the tune of 2, 000, yet we continue to have a parking situation that puts us with students backing into our cars and vandalizing our property. People continue to smoke wherever they want and this includes administrators and the Sheriffs look the other way. The recent evacuation was a joke and a sign that we must move on and hire the LAPD back on this campus.	3/5/2014 9:36 AM

There should be more security during the night hours and more lights so that students feel safe! I also feel that the CC building is not safe during the night time(or at all) because its an easy place to be victimized! That building is like a ghost town and i never feel safe walking up the stairs to get to my night class. If there was an emergency it would be hard to find out! That building is so isolated! I feel like i could get or mugged easily! When it's dark out and i'm walking on campus i can barley see anything! ITS SCARY!! 83	I was very angry and disappointed in the performance of the campus police when I needed them. In my wife's class one student had a restraining order against a classmate. I went to the campus police and asked the police to be there to protect her as there may be a problem (it was on the same day as the Maryland dock shooting). They promised to be there before class to make sure she was alright. They didn't show until after it was 15 minutes into the class. I was very upset and sent emails to both the the Academic Vice President and the Chief of Police and neither responded. I have no confidence in the campus protecting me or my wife. Next time, I will have her not attend class due to dangerous conditions, or bring my own people to protect her. The lack of professionalism both during the act and after when I asked for answers, caused me to lose any confidence I had in the ability to our Sheriffs to do anything other than supervise cadets giving parking tickets. 95	I am familiar with one person who had his vehicle stolen on school grounds and I know several women who have anxiety when walking to their vehicles at night. I am unaware of any precautions or training that the on campus Sherriff and Cadets have taken and I am unaware of how to contact them in case of an emergency. Also, in the case of the active shooter incident a few months ago, I am very disappointed that there is not an appropriate method to disseminate this information to the student body. I know many people who arrived to the campus after it had been evacuated and found almost no information on the school website, nor was there any signage or Security staff to warn students entering the campus. At the very least, there should have been some kind of warning system through the LAVC e-mail, and perhaps a way to block campus entrances with signage stating that the campus was evacuated, or that an emergency was in place. At this point, I am not confident that LAVC has the proper capability to inform and deter students heading to the campus during an emergency.	3/18/2014 6:13 PM

## 2014 Safety Survey

120	I think there should be more cadets walking around during night Classes to help feel safe on campus.	3/18/2014 8:29 AM
121	I believe the most important safety issue is not enough patrols of sherriffs on campus. There is a lack of presence of law enforcement on foot. Where most traffic of students occur. More security should be tightened on the staircases within the older buildings, considering that security camera surveillance systems are not installed as they are within the new buildings. For example, the Health and Sciences buildings are equipped with security cameras. So, if it is not finacially feasible to equip older buildings with technological security, then biological security should be set in place. The parking lots on the south east of the campus should be regularly patrolled as well , during night class hours. statistics show that most robberies and assaults take place within most particularly, large parking lots.	3/18/2014 12:40 AM

185	Slow response time to possibly dangerous situations and lack of strong communication with students (ie: ok, campus has been closed, but should we evacuate immediately?) Lack of emergency evacuation information.	3/13/2014 3:11 PM
186	I think getting light on the parking lots would make the students feel safer, deter potential criminals from meeting on campus, and help drivers see pedestrians while entering or exiting the parking lots.	3/13/2014 2:55 PM
187	Unauthorized visitors during early evening hours on the roads between Grant High and the athletic fields.	3/13/2014 2:46 PM

201	Lighting on campus. We need a stronger visible Sheriff presence.	3/13/2014 1:20 PM
202	Parking lots are ridiculously dangerous. There needs to be a more active Sheriff presence in the morning hours especially during the beginning of the week.	3/13/2014 1:10 PM

## 2014 Safety Survey

213	Lighting and security presence at night.	3/13/2014 12:39 PM
214	The most important safety issue is the gun control.	3/13/2014 12:37 PM
215	parking lots are wide open. Students etc. should not be able to drive through staff lot. Tehy are often aggressive, speeding and damage other cars with no note etc.	3/13/2014 11:48 AM

218	personal safety as a whole. i see a lot of convenient parking for staff and a lot of times they're are a lot of empty spaces where students can/should be able to park. it makes students have to walk further, which i find unfair. why is it only convenient for staff and not students?	3/13/2014 9:14 AM

225	there is nothing to be concerned about.	3/12/2014 5:29 PM
226	Monitoring parking lots after dark just to insure safety of students.	3/12/2014 5:26 PM

238	terrorist attack, and random shooters	3/12/2014 7:17 AM
239	I believe the most important safety issue with the campus is more patrolling around campus both on foot and vehicle around parking lots. I've seen patrol throughout the campus but it's every once in awhile. With the latest incidents that have taken place at LAVC, I think a lot of these situations could better be handled if there was patrol after school hrs. as well.	3/12/2014 12:04 AM
240	The area between Bungalow 78 and the pathway that leads to the parking lot right by the batting cages. There is no lighting there at night. The campus should look into that for the female students.	3/11/2014 11:54 PM

## 2014 Safety Survey

244	The ability to safely get to campus from parking other than the A lot (which is extremely small and hard to find parking) is a concern for me. A lot of the buildings are also old and outdated. Classroom doors don't have windows which make it easy to hit someone while opening the doors.	3/11/2014 10:49 PM
245	we need custodians, a dirty campus is a dangerous campus.	3/11/2014 10:24 PM
246	More light in the school, preferably white light not yellow because it is easier to see and us students will feel safe walking!	3/11/2014 9:30 PM

252	Safety after dark	3/11/2014 6:50 PM
253	Weapons brought on campus	3/11/2014 6:42 PM
254	Unauthorized persons lurking about my vehicle during the day and night because of their attention needs. Also, Students with anger management and attitudinal adjustment issues is also a major concern. These 2 issues bring up rage in classroom and other "stalking-like" behaviors.	3/11/2014 6:22 PM
255	Increase the lighting and strategically place emergency phones in all parking lots.	3/11/2014 5:30 PM
256	School shootings, since they have been occurring more frequently in this country.	3/11/2014 5:00 PM
257	strangers on campus.	3/11/2014 4:59 PM
258	None	3/11/2014 4:19 PM
259	I go to night school, get off at 9:45 pm, it's dark and i always have to park at the lot on Oxnard, my class is far. i have to walk a long way to get to my car and the bushy areas are not lit, eg, the library exterior, etc.	3/11/2014 3:54 PM

261	Lighting and patrol	3/11/2014 3:40 PM
262	individuals smoking on school grounds, specially in dark areas.	3/11/2014 2:19 PM
263	Inability of faculty to lock classroom doors from the inside (in the event of a shooter in the halls. No emergency phones around about campus to summon campus police quickly.	3/11/2014 1:47 PM
264	Informing students when it comes to evacuating procedures and letting them know the reason.	3/11/2014 1:39 PM
265	Notifications regarding construction activities on campus.	3/11/2014 1:35 PM

267	my body	3/11/2014 12:57 PM
268	Because the same student used drugs and alcohol before start on class, is necessary more security personal all the campus.	3/11/2014 12:49 PM
269	Officers should drive around in the darker areas, and help us when students have car accidents and they try to get away with it, officers don't want to do any investigation about the students information and we end up fixing our car, I had one accident and the officer didn't want to speak to me or listen to me, the officer believe the other armenian guy, so I got \$38 from his insurance; You need to take care of students when they get into car accidents and file the reports even when others hit and run and we get the lisencc plate, please help us.	3/11/2014 12:46 PM
270	smoking	3/11/2014 12:24 PM
271	Women safety...In the evenings there are too many dark areas.	3/11/2014 12:18 PM
272	Alerting campus students and staff during an emergency needs to be figured out. LAVC did a poor job during the shooting scare in February.	3/11/2014 11:17 AM

## 2014 Safety Survey

274	Threats	3/11/2014 10:35 AM
275	The lighting after dark hours and security around the parking lots after dark.	3/11/2014 10:07 AM
276	Can't think of anything	3/11/2014 10:07 AM
277	More security at night and campus is not adequately illuminated.	3/11/2014 10:06 AM
278	none	3/11/2014 9:54 AM
279	I am not sure exactly. I am a returning student. Things are different and it looks like there is a lot of construction going on. The darkness is some of the parking lots is the only time I feel afraid at all. I try to walk with others nearby me when I return to my car at night. Lot D feels the most adequately lit and designed as far as parking lots go.	3/11/2014 9:38 AM
280	The classroom doors do not lock from the inside. In the event of a shooter, how are we to lock the suspect out? There is no place for anyone go that is secure. There is also no means of getting the word out of a threat QUICKLY. I get no cell service in the building therefore cell phone alerts would not be helpful.	3/11/2014 9:03 AM
281	The most important issue is keeping students safe and having more security at night.	3/11/2014 8:40 AM
282	I'm really wondering how seriously to take the "shooter" threats I've heard about and would like more infor.	3/11/2014 7:43 AM
283	Having more security guards at campus	3/11/2014 6:52 AM
284	autos traveling too fast on campus.	3/11/2014 4:11 AM
285	Security guards after dark, classes are over at 10:00 pm and is very scary to walk to the parking lots through dark alleys. I have never seen a security officer or a police officer patrolling after dark. They should be there around 9-10 pm to feel students secure.	3/11/2014 1:18 AM
286	to put camera om campus and parking lot	3/11/2014 12:50 AM
287	The speed of the cars in the parking lots.	3/11/2014 12:35 AM
288	lighting in parking lots and on campus	3/11/2014 12:25 AM
289	A possible terrorist act of violence against the students. We need to have practice drills on what to do in case of emergency. What is the contingency plan in case of attack or hostage takeover? how many people have emergency response training available? What evacuation plans are available for each campus building. And where are designated safe areas in case of emergency. No one should be able to walk freely into campus buildings without proper ID. A hall monitor needs to be in place at all school buildings with a walkie talkie and a panic button on their person. Every building should have cameras to monitor activities.	3/11/2014 12:22 AM
290	No lights in some of the parking lots	3/10/2014 11:09 PM
291	Gang Members wondering on campus. I feel like I don't have to worry if I am wearing the wrong color and someone might assume I am a gang member, because the sheriff keeps everyone in check. I feel safe while on campus. I get dropped off and picked up from school, but I had to catch a bus halfway home which is the Southwest valley just near Ventura County, and I didn't feel safe once I left campus.	3/10/2014 10:34 PM
292	i think just lighting. it would prevent people from hiding in dark places. also the only are i know that has the emergency button is in the parking lots. other than that i have not seen any	3/10/2014 10:23 PM
293	Unlighted areas More emergency call boxes	3/10/2014 10:18 PM
294	assault	3/10/2014 10:07 PM
295	Providing more night patrol and better lighting. And quicker night escorts.	3/10/2014 9:30 PM
296	active shooter	3/10/2014 9:12 PM

304	There should be more police presence late at night, but as of now, there never seems to be anyone around. Secondly, the campus is out of maintenance, and many hazards as you walk in many areas of the campus.	3/10/2014 7:10 PM

309	The majority time that i see Campus police their are using/playing with their cell phones rather that being vigilant as they should. ## 2014 Safety Survey

322	There is never ever nobody around to protect me if something happened to me... by the time the arrive, i am either dead or something bad already happened to me... you get no return on investement on the police campus... get them out there. that is their job, to walk the campus inch by inch to protect both the sudents and the school property...	3/10/2014 3:11 PM
323	Greater visibility would help. I was not even sure we had campus security until this survey came up.	3/10/2014 2:50 PM
324	Everything	3/10/2014 2:46 PM
325	Theft	3/10/2014 2:39 PM
326	lighting/seeing more campus police around at night.	3/10/2014 2:26 PM
327	lights and more security roaming around. I see a bunch of security in groups talking or hanging out in the Sheriffs office, but i rarely see them just strolling around and i never see them in the parking area i just discribed.	3/10/2014 1:37 PM
328	classroom security	3/10/2014 1:36 PM
329	Lighting	3/10/2014 1:31 PM
330	more armed sheriffs patrolling instead of standing, waving hands, and guiding traffic - as that doesn't help with much of anything... plus, that job is for parking enforcement or traffic enforcement	3/10/2014 1:27 PM
331	Lots F & G and the Coldwater Extension at night don't feel safe, it feels like it's secluded from campus, as if it's unattended at night.	3/10/2014 1:24 PM
332	Safety of girls	3/10/2014 1:10 PM
333	Strangers on campus because it is so public	3/10/2014 1:05 PM
334	The areas closest to the streets, especially that they're main roads, must be very much secured as this could be an access for entry and exit for people who could do crimes. This would also include security in parking lots, especially those that are relatively detached from the buildings on campus (e.g. parking by Burbank Blvd.)	3/10/2014 1:04 PM
335	more officers	3/10/2014 1:02 PM
336	Vandalism and assault. Those are much more likely to happen than an active shooter.	3/10/2014 12:58 PM
337	LIGHTING IS MY NUMBER ONE CONCERN	3/10/2014 12:55 PM
338	automobile break-ins.	3/10/2014 12:54 PM
339	Our campus is still waiting for an improved communication system to replace AlertU. While staff members should be concerned about getting timely notification of incidents, students should also have the same option to be informed of a campus emergency through their cell phones. Campus administrators are encouaged to invite the participation of the ASU, and the staff guilds in the effort to improve campus safety.	3/10/2014 12:53 PM
340	Threats to harm people	3/10/2014 12:46 PM
341	Shooters and keeping people safe.	3/10/2014 12:39 PM

343	Theft, vandalism - put more lights up for night class students	3/10/2014 12:27 PM
344	bullying	3/10/2014 12:24 PM

346	Non Smoking areas are not being enforced.	3/10/2014 12:21 PM
347	Lighting and the need for (any and/or more ) security cameras	3/10/2014 12:17 PM
348	Campus lighting is very minimal. that is my biggest issue! When it gets dark out, it is too dark on campus, all over campus!	3/10/2014 12:08 PM
349	Making sure that any/all contractors working on campus are required to perform crimal history background checks on all workers to screen out individuals with history of based crimes. Furthermore, these records should be made available to campus/district representatives for examination prior to work commencement. Transients retrieving bottles or rummaging through our on campus garbage cans as well as anyone on campus that clearly is not conducting business on campus should be considered trespassers and escorted off campus property.	3/10/2014 12:06 PM
350	Evacuation in case of an emergency	3/10/2014 11:48 AM

## 2014 Safety Survey

351		3/10/2014 11:47 AM
352	Building Access (very complicated for lockdown/opening purposes) for Administration/Management is limited with no keys issued for one's own area.	3/10/2014 11:46 AM
353	Persons from the neighboring areas coming onto campus -- the campus should be much more secure. How many incidents do we need before that happens?	3/10/2014 11:42 AM
354	Assault, robbery      bike theft. Would like to see more safety officers around campus.	3/10/2014 11:40 AM
355	Lighting and better security. Also making sure security treats people with respect and friendliness. Security and the cops are scary too..	3/10/2014 11:38 AM
356	Disgruntled students.	3/10/2014 11:36 AM
357	Lighting, not enough security guards, I rarely see a sheriff. I don't feel safe.	3/10/2014 11:35 AM
358	CONSISTENCY OF LIGHTING AND VISIBILITY OF SECURITY PERSONAL ON CAMPUS. I SEE THEM MOSTLY IN THEIR CARS.	3/10/2014 11:32 AM

362	night time with poor lighting in many areas	3/10/2014 11:24 AM
363	General visibility of campus police is not sufficient. Parking lots are the most problematic (speed, etc.).	3/10/2014 11:23 AM
364	grounds and parking lots on the perimeter at night.	3/10/2014 11:23 AM
365	Nothing	3/10/2014 11:21 AM

368	I always see police officers driving around in the campus which makes us feel safe. I will be good if they keep doing that after dark specially in the far away areas from the main building( the administration office)	3/10/2014 11:19 AM
369	Sometimes we might carry weapons as self defense (e.g. pocket knife)	3/10/2014 11:14 AM

410	Stopping a Thief! Unfortunately, this is en epidemic that exists everywhere there is alot of people and this is why we need more safety and awareness on the topic. I am afraid to leave my bike on the bike rack, because it could get stolen. I have met several students who have had their cell phones; books & purses stolen on this campus. It does not help that we get ticketed and have no recourse, because that brings indifference toward Campus Police, when instead, we need harmony and communication between Students and Campus Police.	3/9/2014 12:00 AM

## 2014 Safety Survey

416	I see strangers walking in the campus and some students smoking within the campus. The reason why I want the campus to be concerned with smokers is because of the broken window theory. It might be a small matter, but I don't see many campus police concerning it.	3/8/2014 1:26 PM

423	More lighting at night	3/7/2014 9:49 PM
424	Visible security. I would feel safe if there was security driving assigned to each area that were visible either wearing the same color or driving around so people know that if something does happen, security is near by. CSUN does a very good job of that and offers escorts for students walking alone in the dark.	3/7/2014 9:45 PM
425	Lighting and safety response	3/7/2014 9:20 PM
426	human life/well-being rather than property damage/theft	3/7/2014 8:59 PM
427	Lighting and clear, specific signs specially with all the construction that's going on right now. Because I work I have no other choice than to take night classes and it would definitely be nice if I didn't have to walk in the dark. I don't think the campus itself is unsafe, what makes campus feel unsafe is the lack of light at night.	3/7/2014 7:27 PM

444	This campus does not have a plan when there is an emergency. For example, few weeks ago when there was a reported shooter loose on campus, faculty members just told us to leave. Leave? when there is a active shooter present in the campus? They should've locked down the classroom doors and stayed inside. Don't just tell students to leave.....and get shot?	3/7/2014 9:00 AM
445	Lighting and security when our night classes are over. The campus is rather empty after 10pm and there is no security patrolling the school at this time, well not that ive seen for myself. Can we get some more security working nights please?	3/7/2014 8:53 AM

459	Having a security force that patrols the campus often during class hours throughout the day.	3/6/2014 2:24 PM
460	Drivers in the Parking lot are speeding almost all the time and I personally been really closed to get hit or run over by a motorist at least 3 times.	3/6/2014 2:15 PM
461	The Sheriff should be seen providing safe passage to and from parking lots and not fraternizing with faculty staff and/or students. In respect to the shooter tip on Thursday Feb. 6, the school sheriff handled the situation poorly. A credible call came in just after 9 am and it took the school sheriff over an hour to have students become aware of the situation.	3/6/2014 2:11 PM
462	Parking lot and campus access by non-students is a huge problem. Sheriff awareness is lacking or non-existent.... they are good only for giving parking tickets in the lots and making money for the Sheriff department. Useless.	3/6/2014 2:05 PM

471	The lighting on campus and the stupid parking situations. FIX THE 2\$ DAY PASS MACHINES!	3/6/2014 10:57 AM
472	Lighting at night is my biggest issue. Campus is not well lit, and makes me feel unsafe when walking to my car late at night. I find myself turning around every 5 seconds to makesure no one is coming.	3/6/2014 10:11 AM
473	The lack of lighting all around campus. The campus is completely open to the public to drive in at any time and this makes it more of a risk because not only students are around campus but in some parking lots people come in just to hang around they are smoking and drinking loud music and I have seen the patrol cars drive by without noticing this. Especially in the Oxnard parking lot.	3/6/2014 9:58 AM
474	At night it's too dark, because there are not enough light. At night I don't see a single sheriff patrol around school; however, I do understand that school might not have enough budget to hire them to do so.	3/6/2014 9:58 AM
475	There needs to be more security at night when classes get out.	3/6/2014 9:54 AM
476	lighting and patrolling bungalow area and outskirts of campus.	3/6/2014 9:47 AM

488	police visiability throughout the permeated campus	3/5/2014 10:48 PM
489	There should be a security or police in all the parking lots for evening classes from 6-10	3/5/2014 10:39 PM
490	Frankly, this question is so grossly over-broad that I'm not sure where to start; i.e., the question seems deliberately posited to draw meaningless responses such that lazy slobbs will merit a need to continue with "business as usual."	3/5/2014 10:10 PM

502	During winter session, the shoot scare occurred. When we evacuated I wish we received an update via email or phones of what was going on. People were running around and no one knew what was going on. I had to learn about the incident on twitter via abc news 20min after I drove home. I felt very unsafe when the sitatunga occurred, as I didn't know if someone had been shot or was shooting or if it was a "might be a shooter on campus tip"	3/5/2014 6:06 PM
503	Emergency exits for the Admissions & Records Office. If we cannot exit through the front lobby or reach one specific conference room side door, then we would be trapped inside the back office with nowhere to hide.	3/5/2014 5:55 PM

507	Emergency help.	3/5/2014 4:56 PM
508	In the current climate, people that like to gain celebrity status by killing as many as possible at public places. I am glad your security team has taken the active shooter course. Everything helps.	3/5/2014 4:43 PM
509	I think classrooms should stay locked while class is in session. If someone needs to use the bathroom or leave for whatever reason there should be a key hanging on the wall to take with them so they can get back it. Or they can simply knock whatever. Late students could just not get into class (they are adults and should be on time anyways) or they could knock and come in late, I think this would be best if it were up to the professor. Either way I would feel safest with the doors locked while class is in session, that way if there is a shooter on campus we are locked in and will have time to crawl out a window or something. I don't know my I'm sure there are flaws needing to be worked out but it would be a step closer to helping students feel secure.	3/5/2014 4:33 PM

519	lighting, campus is very dark at night	3/5/2014 1:48 PM
520	suspicious activity from any college student(s). There could be drug issues or illegal weapons on campus, though I've never noticed, but an EYE should be kept out for those abvious kind of things and prehaps the 'not so obvious'.	3/5/2014 1:34 PM

522	safety after dark and the lighting as well as emergency call buttons	3/5/2014 1:28 PM
523	shooter, terrorist threat.	3/5/2014 1:20 PM
524	not prepared during the shooting incident	3/5/2014 1:12 PM
525	This is EXACTLY what the sheriff's office told me on the phone two weeks ago. Students and faculty are to rely on a voluntary cellphone alert and email alert system as the only reliable assurance for us to know if there is an active shooter on campus. THIS IS IRRESPONSIBLE. I am notifying my contacts in the media of same.	3/5/2014 1:06 PM
526	The older parking lots way far away from campus and the one on Fulton & Oxnard. Are not very well lit and I don't recall seeing the blue emergency lights around. The parking lot near Coldwater & Burbank are really bad. Have very little lighting and I've never seen anyone patrolling that area. Very scary at night.	3/5/2014 12:58 PM
527	Night time students getting safely to their cars	3/5/2014 12:33 PM
528	the parking lot	3/5/2014 12:05 PM
529	Someone bringing a gun into the campus you never know when a crazy might strike.	3/5/2014 12:01 PM
530	The sheriff department does not do a good job supervising the campus adequately. During events at the school, strangers can come and go as they please. During Black Heritage Week, a member of the public claimed to be banned from the school, and he still managed to attend the Wednesday event of that week. Campus rules are also not enforced by the sheriff department, many students still smoke around the campus freely. The response time for the sheriffs to arrive to a place they are needed is very slow as well.	3/5/2014 11:53 AM
531	Active shooters, people who walk in the middle of vehicle lanes while texting, Classrooms cannot be locked from the inside. One must go into the hall, exposing oneself to possible danger, to lock the doors.	3/5/2014 11:52 AM
532	I think there should be security checking for guns at campus entrances but no car searches.	3/5/2014 11:47 AM

538	Campus needs more lighting at night on walkways between parking lots and classes.	3/5/2014 11:22 AM
539	I have seen broken glass in numerous parking spots when arriving for class in the morning , makes me feel unsecure about coming to campus at night.	3/5/2014 11:15 AM
540	Better patrol of campus (from smoking policy to "hard" crimes. We need to have a more engaged police force. Then we need better communication during crisis. The active shooter shut down was not well organized and we did not feel safe.	3/5/2014 11:15 AM

551	Automatic doors that open and have no mechanism for an immediate override or key for closing them puts us in jeopardy. We have asked our Dept. Chair time and time again, to have this issue resolved and nothing has happened. Our doors are glass so in reality they are a false sense of protections but it may deter a armed person to go in another direction and at least give us sometime to take cover. When a colluegue contacted the Sheriffs about this situation they told him to put furniture in front of the door. Are you kidding me? There is no way to move any furniture and we don't have anything big enough to block our automatic doors.	3/5/2014 9:36 AM
552	random people roaming looking for trouble	3/5/2014 9:30 AM
553	I think keeping the campus safe involves more presence of uniform police walking around, making people aware that they are there in case of emergency	3/5/2014 9:22 AM
554	Lighting at night	3/5/2014 9:20 AM
555	Focusing on each and every safety issue equally should be or continue to be sufficient.	3/5/2014 9:07 AM

558	Night patrol in parking areas and campus and escort service for faculty, staff and students	3/5/2014 8:38 AM

577	There isn't enough lighting and very low police presence around dismissal hour for the 9:30-10 p classes. Maybe having group walks lead by officers or cadets for night classes. I'd definitely take part in that. I don't take my own car to the night classes because walking across the campus towards the dark scary lots isn't comfortable for me.	3/5/2014 12:37 AM

626	Poor lighting and inadequate security. I will volunteer as a witness when the law suit is filed--and it will--because nothing will be done to stop this.	3/4/2014 7:21 PM
627	speed driving on parking lot.	3/4/2014 7:20 PM
628	The safety of students getting victimized should be of great concern ! There should be more security on campus to protect the students! ESPECIALLY WHEN ITS DARK OUT!! It feels like a ghost town and i can never see well at night! There are many areas that i walk at night that are totally deserted! Like around every building outside! i feel as though i could easily get victimized! There's always groups of people loitering on campus and i don't feel safe when i walk by a big group of guys at night. Those people should be carded to see if they are students!! All they do is smoke with their friends and harass women. And people smoke in areas where it's not allowed!! ITS ANNOYING! If there even is this supposed "campus security" on campus, I have barely ever seen them in the past two years of my attendance.	3/4/2014 7:16 PM
629	Lights and security. Yesturday I was trying to find a security in campus and I couldn't.	3/4/2014 7:16 PM

645	Policy regarding various emergencies. I was on campus during the winter session shooter threat and we were told to evacuate the campus. This would have been acceptable for a bomb threat, but in a shooter threat, the campus should have been locked down. Thankfully it was only a threat because had it been a reality, all of the students would have been offered up to the shooter for open season. Terrible decision by whoever handled this issue.	3/4/2014 5:43 PM
646	Lighting and appearances of police patrol after 9pm once night classes start to be dismissed.	3/4/2014 5:40 PM
647	I am concerned with the fact that no parking lots have any camera security. Because the people vandalizing and committing crimes are not getting caught. And the victim has to suffer the consequences rather than the suspect.	3/4/2014 5:39 PM
648	For me, it is driver safety while in and out of my car.	3/4/2014 5:38 PM

671	THE SQUIRELLS	3/4/2014 4:24 PM
672	Be more concerned with student safety than with writing tickets! Also, I was on campus when we were evacuated. It was scary as helicopters were hovering overhead so you knew it was serious but the parking lot was crazy. There was absolutely no police presence, people were driving every which way and people were running every which way and there should have been someone directing traffic. It was scary and that's when I realized that when there is an emergency situation at "my" school that we are on our own! Yes, I am somewhat afraid should something like this happen in the future.	3/4/2014 4:10 PM
673	Vandalism in parking lots	3/4/2014 4:10 PM
674	the mobile lighting in the parking lots and roads makes it hard to see while driving. they should be replaced with permanent led lights.	3/4/2014 4:05 PM

678	The lax response to emergency calls made to the Sheriff's department, so much so that it stands out as a safety issue.	3/4/2014 3:49 PM
679	parking lights and there should be more police driving around the parking after dark.	3/4/2014 3:48 PM
680	Probably guns. Anyone can go to the campus, bring a gun or guns without anyone noticing, and start shooting. It's definitely scary especially with that threat of shooting that happened on campus a few weeks ago.	3/4/2014 3:48 PM
681	Lighting after dark, it seems like 30% of lights are burnt out.	3/4/2014 3:47 PM

## 2014 Safety Survey

683	the lighting, and security for parking lot G	3/4/2014 3:45 PM
684	Lighting at nighttime. I also feel like the cops should patrol more than just at the beginning and ending of each semester. I feel like that's the only time I ever see any police or campus security.	3/4/2014 3:45 PM

690	I do not feel that the security on campus would be able to protect students.	3/4/2014 3:41 PM
691	MORE LIGHTS...	3/4/2014 3:41 PM
692	I feel most unsafe when it comes to students. I just do not feel adequately trained to deal with some of the behavioral issues that come up and there have been times I feel threatened and unsafe and I feel the system is designed more to protect the student and his/her rights, and not my safety.	3/4/2014 3:35 PM
693	I would like to see the security officers walking and driving the campus.	3/4/2014 3:34 PM
694	Lighting and security presence	3/4/2014 3:31 PM
695	placing more lighting in the darker areas of the campus	3/4/2014 3:26 PM
696	After hearing the news of a victim shoot in the parking lot; many concerns rise in mind as more security and more lighting since the campus tends to be lacking of lighting in the night	3/4/2014 3:21 PM
697	Securing doors in the event of an emergency and sheriffs reponse time. They usually take awhile when we have called in the past.	3/4/2014 3:20 PM

706	Vandalism and muggings.	3/4/2014 2:54 PM
707	Better lighting would help. Over all, I think the one thing the campus should be concerned with is differentiating between vigilance and paranoia. The fear mongering editorial slant of the school paper likely won't help matters, and if anything make things worse.	3/4/2014 2:53 PM
708	Creeps and crazy people	3/4/2014 2:52 PM
709	hallways, parking	3/4/2014 2:46 PM
710	aside from the dilapidated buildings on the verge of collapse which I live in constant fear of... The only time campus police/security is around is when they feel the need to issue tickets. They never walk around campus, never hang around the area most frequented by students, which then allows for people who have no business being on campus to be there instead of moved out	3/4/2014 2:46 PM
711	I feel that we are not protected in case of an active shooter on campus. The Library is a huge space with no security. I am worried about my own and students safety in the library In light of the shooting incident in Santa Monica College library last summer. Library needs to have a PA system, and we need to have sheriff presence throughout the day and evening.	3/4/2014 2:45 PM

713	The recent incident during winter session with the threat I didn't feel adequately informed. In fact I received an email from LA Pierce College about the issue and NOT Valley. Notifying students Of potential security issues should be top Priority.	3/4/2014 2:42 PM
714	Patrolling the bungalow area. Just because there are no classes held there doesn't mean people aren't loitering and doing things they shouldn't.	3/4/2014 2:40 PM
715	I fear I will be hit by a car. Some people in their cars drive on the parking lot as if it were a highway. Ive been close to being hit in the parking lot just walking to class. Instead of the campus police driving around "patrolling" and having the "cadets" give at tickets and feeling like grown ups. I really feel the campus police should be stopping the idiots driving their stupid cars fast in the parking lot. Its ridiculous. No enforcement on that what's so ever? I want to live walking to class not being risked getting hit my a car flying by. Is that to much to ask?	3/4/2014 2:38 PM

723	It's clear from the recent rash of incidents on campus (shooting in Lot A, robbery on a sidewalk adjacent to campus, vandalism) that the College Sheriffs are not patrolling enough. Much of this stuff would not be happening if the College Sheriffs were a regular presence ALL OVER campus.	3/4/2014 2:21 PM

148	put more police officers in parking lots after dark	3/4/2014 3:51 PM
149	Put up clearer parking signs.	3/4/2014 3:47 PM
150	Take threats more seriously	3/4/2014 3:46 PM
151	Help prevent non staff from occupying the limited staff parking spots available adjacent to the Student Services Bldg, during the first month of each semester when A and B shift personnel start their shifts. Please provide better signage above ground to be more visible and clearly indicate what parking is for staff, as non staff are not noticing the "staff" markers painted on the ground. Every semester, many of us staff struggle to find safe parking to get to our workplace, and have to inform non staff that they are not suppose to park in staff spots, which is not necessarily safe, but necessary to find anykind of parking. At the beginning of every semester, I fear for my life and safety, because I have to inform a non staff person waiting in their car for a staff spot opening up, that I need to park there. They're generally frustrated from driving around, trying to find a place to park and get angry when I inform them that I need the staff spot they are waiting for. I'm afraid that one day someone will get angy enough to commit an act of violence against me or my car, because in their mind, they were there first.	3/4/2014 3:28 PM

160	help others cross the street, don't focus on giving parking tickets	3/4/2014 2:04 PM
161	never been there	3/4/2014 2:02 PM
162	I feel the cadets could have better training when it comes to students smoking on campus in the wrong areas and their passing by in the card they say nothing so non smoking campus is not inforced. That's just one thing I see here on campus on a consistant basis.	3/4/2014 1:59 PM
163	I think that the Sheriff Staff do a great job but I feel at times they need to do continous training because they use cadets and the frequecny of change of personnel.	3/4/2014 1:53 PM
164	Patrol campus fringe more frequently.	3/4/2014 1:51 PM
165	Could be more friendly, instead of cold.	3/4/2014 1:48 PM
166	Have never seen officers other than in their office	3/4/2014 1:47 PM
167	Not enough interaction to judge the efforts of campus police	3/4/2014 1:32 PM

Luckily I signed up for the alert notifications and was notified before heading to school, but the message was received around 10 when the threat was called in around 9. 261	Somebody needs to think about real safety and be responsive. Campus Center has doors that lock ONLY from the outside and uncovered windows in those doors. This was not factored in to the active shooter emergency directives. Also how is a professor supposed to teach AND watch for emergency texts or emails even if the system did work well? Or how are students supposed to learn while paying attention to their computers and cellphones? CC has poor cell reception and students report the alert system doesn't always work. One student recently reported receiving an alert email but no text to evacuate campus at the end of winter session. District employed campus security was more competent and more responsive to campus needs. These sheriffs are detached and appear to be putting in their time, doing what they have to without sincere engagement. They act like campus outsiders because they are.	3/5/2014 1:51 PM

307	If we could have blue buttons that other campuses have, I would feel much safer. They're buttons around campus that notify campus security if there's a crime or something dangerous happening. Also, if campus security were on foot more as opposed to car patrolling on campus, in & between buildings and parking lots, etc,	3/4/2014 7:12 PM
308	The Campus Police don't fit the image of typical police officers. They remind me of oversized mall security officers. Police Officers are suppose to be in shape (or at least look like they are in shape) for anything that happens. On top of that, they never been at least minimally courteous. I know the officers we have on-campus are LA County Sheriff SECURITY OFFICERS and are not real Sheriff Officers. I would feel safer if we actually have real Sheriff Officers on campus.	3/4/2014 7:04 PM

People wait and sit in the aisles waiting for people to walk to their car. This causes traffic jams and road rage. I hate going to the school because of this and try to find online classes to avoid this parking mess. I do not dare to drive to class during first week because of parking issues. Media is filled w sensationalistic happenings-the sight of two uniformed policemen strolling the campus is reassuring. I've seen the campus atmosphere change dramatically over the last several years.	3/4/2014 5:15 PM

## 2014 Safety Survey

342	I think the worse thing that this campus (or any campus) could do is to not have the Sheriff's department. By having the official police, I believe we reduce the likelihood of more serious crimes. People are more inclined to proper behavior if they know that the result could be an issue with the Sheriff's Department rather than a simple school problem. I am VERY concerned that there is even a consideration to not have the Sheriff on campus as this would affect the safety (or perception of safety) of faculty, staff and students. We all have the right to feel safe at our jobs/community.	3/4/2014 2:15 PM
