## NON-CREDIT COURSES

The following tables include the unduplicated enrollment (headcount), duplicated enrollment, total Positive Attendance (PA) hours for the course/discipline/department, as well as the average PA hours per student in each demographic category. The average PA hours are calculated using the unduplicated enrollment (headcount). Thus, the "average PA hours" are student-level metrics and are not related to course enrollment. Instead, they are to be used in conjunction with each demographic factor identified in the tables.
