

# E-96 -- Campus Crime Policies -- Report

College: Valley

Date (month/day/year): 5/3/2005

Administrative Regulation E-96 – *Campus Crime Policies* – requires that each college in the Los Angeles Community College District develop a report, to be published in college publications, describing each college’s policies regarding the information listed below. This report, initiated by the Vice Presidents for Administration, is to be submitted to the Associate Vice Chancellor of Instructional and Student Support Services by August 1, each year for review and approval. Additionally, the college must submit the report to the Department of Education along with its annual crime statistics report, which is due by October 1<sup>st</sup> of each year.

This form contains all the questions to which the college is required to provide responses under E-96. ***This is a computer form, designed to be completed using Microsoft Word. The boxes will expand to accommodate responses to the questions below.***

1. Provide a description of college and/or District policies and procedures on how students and others can report criminal actions and emergencies on campus and how the college is to respond to such reports. *(Complete A, B and C below.)*

A. Describe how the college provides the college community with timely warning reports on the occurrence and frequency of the following crimes: murder; forcible and non-forcible sex offenses; robbery; aggravated assault; burglary; motor vehicle theft; manslaughter; arson; and arrests, or referrals for campus discipline, for liquor law violations, drug related violations, and weapons possession.

Through notifications by inter-college e-mail, on the college website, and in the student newspaper.

B. Describe District policies for preparing the annual disclosure of crime statistics.

District policies for preparing the annual disclosure of crime statistics are contained in Administrative Regulation E-96 – *Campus Crime Policies*. Annual crime statistics are prepared by the Los Angeles Sheriff’s Department, which provides the LACCD with campus law enforcement. The college publishes crime statistics in the college website located at [www.lavc.edu](http://www.lavc.edu).

C. Provide a list of college administrators to whom victims or witnesses can report criminal offenses, on a voluntary, confidential (to the extent allowable by law) basis, for inclusion in the annual report.

The President, Vice President - Administrative Services, Vice President - Student Services, Vice President - Academic Affairs

2. Describe college policies and procedures concerning security and access to campus facilities and security considerations used in the maintenance of campus facilities.

The college maintains a strict policy of limiting access to all facilities to only those with college business. This access is time-sensitive in that access on weekdays, in the daytime and early

evening, during class sessions, is generally open to the entire college community. Access during hours when the college is closed for regular business is restricted to only those in the college community with a need for access to the facilities. The campus buildings are secured through a key system where keys are issued on a need-only basis. The access to all exterior building doors is generally restricted to administrators, or to those who have approval from a senior administrator, for such key access. All campus buildings are secured each evening or afternoon as campus activities end. The campus is then actively patrolled by the Los Angeles County Sheriff's College Bureau until the start of college business the next operating day.

3. Describe college policies on campus law enforcement. (*Complete A and B below.*)

- A. Describe the enforcement authority of security personnel, their working relationship with the state and local police, and whether campus security has the authority to arrest.

The campus has a contract with the Los Angeles County Sheriff's Department (LASD), College Bureau, to provide police and security services to the campus on a 24-hour basis. The authority of the College Bureau is derived from that contract and that given to sworn peace officers by the State of California. The Deputy Sheriffs have authority to arrest for any and all offenses and the LASD Security Officers have the ability to make citizen's arrests only. The LASD has a mutual aid agreement with local law enforcement departments; at this campus that is the Los Angeles Police Department.

- B. Describe how the college community is informed about the importance of accurately and promptly reporting all crimes to campus police and the appropriate police agencies.

The college regularly communicates to the college community the need to report any and all crimes that occur on campus through its inter-college e-mail, through verbal communication at college meetings, and through the student newspaper. The student handbook, issued to all students, contains information requesting such reports from all students.

4. Describe the type and frequency of college programs designed to inform students and employees about campus security procedures and their responsibilities for safeguarding their own security.

The college student newspaper prints an article each semester describing the need to report each session the newspaper is active. The student handbooks are made available to all students each college session and contain the request that any criminal activity be reported immediately to the College Bureau. A campus-wide e-mail is sent twice each year to the college community requesting that criminal activity be reported immediately. The College Bureau also publishes a "Dos and Don'ts" pamphlet and distributes those pamphlets to the college community throughout the year.

5. Describe college programs designed to inform students and employees about the prevention of crimes.

The College Bureau publishes pamphlets that are distributed on an ongoing basis each year. The College Bureau Lead Deputy meets with various groups throughout the year to educate the college community about crime prevention.

6. Describe District policies regarding the possession, use, and sale of alcoholic beverages. Cite State underage drinking laws, as well as federal and state enforcement of the possession, use, and sale of illegal drugs. Also include a description of any college drug or alcohol abuse education programs as required under 20 U.S.C. 1011i.

District Board Rule 9803.19 prohibits the possession and use of alcohol or controlled substances on District property or while participating on any District or college-sponsored function or field trip. "Controlled substances" include but are not limited to opiates or opium derivatives, mescaline, hallucinogens, peyote, marijuana, stimulates and depressants, and cocaine.

Numerous federal, state and local statutes and ordinances relate to the manufacture, distribution, dispensation, possession, or use of a controlled substance or alcohol and impose legal sanctions for both felony and misdemeanor convictions for violations. 7. Describe how is the community advised as to where it may obtain information about registered sex offenders?

The college publishes information on how members of the community can access information on registered sex offenders in the college website at [www.lavc.edu](http://www.lavc.edu).

8. Describe the college’s sexual assault prevention programs and the procedures to follow when a sex offense occurs. (*Complete A through G below*)

- A. Describe college educational programs to promote the awareness of rape, acquaintance rape, and other forcible and nonforcible sex offenses.

The College Bureau distributes literature to educate the college community on the need for safety and on the importance of reporting crimes to the College Bureau immediately. The college distributes various communications, through e-mail and printed flyers, regarding the need to protect against and report any incidents of rape or of other forcible and non-forcible sex offenses.

- B. Describe District procedures students should follow if a sex offense occurs, including: who should be contacted, steps taken to preserve evidence of the criminal offense, and to whom the alleged offense should be reported.

District policies and procedures on sexual assault are contained in the LACCD Board Rules, Chapter XVI. The provisions of this policy are as follows:

CHAPTER XVI

First Responders should be qualified and trained to respond to people who may be in crisis. Students should be encouraged to serve on the Campus Violence Response Team but should not be designated as First Responders unless they are also employed by the College and are qualified.

Alleged victims of sexual assault on campus have an option to notify either a First Responder from the Campus Violence Response Team or campus law enforcement of the

The college publishes information on how students can notify law enforcement of criminal activities in the college website at [www.lavc.edu](http://www.lavc.edu), the student handbook, the schedule of classes, and the student newspaper.

- D. Also, explain how institutional personnel will assist the student in notifying these authorities, if the student so desires.

The college has a rape/sex-offense response team that will respond to any event as necessary and/or requested. This team is led by the Vice President of Student Services. All staff are instructed to report such incidents as soon as they occur.

- G. Describe District policies and procedures for disciplinary action in cases of an alleged sex offense.

Students will be disciplined in accordance with the District's student discipline procedure outlined in Board Rule 91101. Students who are accused of alleged sex offenses will be given a written notice of charges and a proposed disciplinary action. If a proposed disciplinary action entails suspension or expulsion, the accused student has a right to request a disciplinary hearing. At a disciplinary hearing, the accused student is entitled to due process, the opportunity to confront witnesses testifying against him/her, and the opportunity to offer the statements of any supporting witness, but the accused student is not entitled to representation by counsel. In accordance with the Family Educational Rights and Privacy Act (FERPA), both the accuser and accused will be informed of the final outcome by the College President or the President's designee.

The accused student has a right to file an appeal with the Board of Trustees, if the College President approves a recommendation of expulsion. When filing an appeal, the accused student may be represented by counsel. The Board of Trustees will conduct its review in closed session without the presence of the accused student or his/her counsel, unless the accused student makes a written request that matter be held in public session. The final action of the Board of Trustees will be a public record. In accordance with FERPA, both the accuser and accused will be informed of the final outcome by the Chancellor or the Chancellor's designee.

Employees who are found guilty of the aforementioned offenses may be disciplined pursuant to statutory law (e.g., California Education Code), District policies, and any applicable collective bargaining agreements. Such disciplinary action may include compulsory leave, suspension without pay, demotion, or dismissal from employment.

Incidents involving assault will also be referred to the appropriate law enforcement agency for criminal prosecution.
