Associate in Arts for Transfer Degree
Anthropology
2021-2022

Anthropology is the scientific study of humankind from the broadest possible perspectives - exploring human biological and cultural differences and similarities across the world and through time. Students will be able to analyze the patterns underlying diverse anatomy, behaviors, beliefs, attitudes and identities using the concepts of cultural relativism and evolutionary theory. Anthropology majors learn to evaluate their place in an ever-changing global society.

Why get an Associate Degree for Transfer?

This program guarantees that students who earn an AA-T or AS-T degree from a California Community College will be admitted to a California State University campus. The campus you will be admitted to depends on several factors, such as the location of your community college, the program of study that a student intends to follow, and a student's competitiveness for admission. This program also provides students with the necessary preparation to transfer to the CSU system and complete a baccalaureate degree.

Students with an AA-T or AS-T degree receive:

- Admission priority
- Guaranteed admission with junior status to the CSU system
- Complete a baccalaureate degree with only 60 additional semester units (or 90 quarter units) (in a degree program that has been considered similar)
