ASSOCIATE DEGREE FOR TRANSFER:

GEOGRAPHY

Associate in Arts for Transfer Degree (AA-T)

(Program Code 220600, State Code 32850)

Geography is a spatial science that deals with the impacts of humans on the natural environment and the location and patterns of physical features and processes, climate and biogeographical regions, geomorphology, human settlements, land use and resources. Geography explores the distribution of natural and human phenomena including economics, political regions, cultural landscapes, urbanization and other global processes. Majors in Geography acquire a global, spatial perspective that provides a foundation for a deeper understanding of the development of human society and the planet we call home.

Students completing the Associate in Arts in Geography for Transfer Degree will have satisfied the lower-division major preparation at most CSUs in Geography.
