

Chealsea Zavala

March 10th, 2024

Personal Statement

Hello everyone! My name is Chealsea Zavala, I am a single parent majoring in communications and political science. I want to serve as the Commissioner of Student Life because I am passionate about creating an engaging and inclusive campus experience for all students. As a student parent, the President of the Broadcasting Club, and an active member of other student organizations, I understand the importance of student involvement and community building. I believe that student life plays a vital role in making college a more fulfilling experience and I want to help foster school spirit, student engagement, and a sense of belonging for everyone at LAVC. This role is a perfect opportunity for me to use my leadership skills to plan exciting events, boost student participation, and create memorable experiences for my peers.

If elected, I plan to enhance student engagement by organizing diverse events and activities that reflect the interests and needs of our student body. I hope to improve communication between students and the Student Government Board by creating more opportunities for feedback and participation. I aspire to increase student awareness and participation in ASU activities, college athletics, and campus-wide events by utilizing effective promotion strategies, including social media, club collaborations, and student outreach. I also plan to make student life activities more accessible and inclusive by considering the diverse needs of our student population, including student parents and non-traditional students.

Students should vote for me because I am dedicated, experienced, and committed to making student life at LAVC more vibrant and engaging. As the Broadcasting Club President, I have experience organizing events, promoting student involvement, and working with different

organizations to create meaningful opportunities. As a student parent, I understand the importance of balancing responsibilities and will work to ensure that campus events are inclusive for all. I am ready to listen to student voices and bring fresh ideas that will make student life more exciting and connected. A vote for me is a vote for a stronger, more spirited, and more engaged student community.
