

UC Transfer Admission Guarantee (TAG) for Students Applying for 2019-2020 Admission

Six University of California (UC) campuses offer guaranteed admission to students from all California community colleges (CCC). Interested students must meet campus-specific requirements to qualify for a UC TAG. By participating in a TAG program, students can ensure their admission to a specific UC campus. Also, some campuses may offer an early review of a students' academic record and specific guidance on major preparation and general education coursework.

Who can file a TAG?

Only students transferring directly from a California community college (CCC) are considered for a TAG, including international students (those with a visa).

A CCC transfer student is one who has completed at least 30 semester (45 quarter) UC-transferable units at one or more California community colleges. The last college the student attended in a regular session (fall/spring or fall/winter/spring) before admission to a UC campus must be a California community college.

Not Eligible for a TAG: Students who have already earned a bachelor's, graduate and/or professional degree; students previously enrolled at a UC campus during a regular term (not including summer session only) who plan to return to that same campus; and students concurrently enrolled in high school at the time of TAG application submission.

To pursue a TAG, students must:

- Complete the online UC TAG application and submit it during the appropriate filing period – September 1-30, 2018 for fall 2019 (or May 1-31, 2019 for spring 2020) admission at uctap.universityofcalifornia.edu
- Once a TAG is submitted, fulfill all remaining coursework and GPA requirements designated on the TAG agreement.
- Apply for admission to UC during November 1-30, 2018 for fall (or July 1-31, 2019 for spring 2020) at universityofcalifornia.edu/apply.

Students are strongly encouraged to consult with their community college counselor prior to completing/submitting the TAG application.

Please note: transfer students do **not** have to participate in TAG to be considered for admission. Non-TAG students simply apply for UC admission during the appropriate application filing period.

Specific information about TAG at each of the six participating UC campuses is provided on the following pages.
